---

*The Present Age* Abrams

YOU MUST BE STABLE, FIXED, AND FIRMLY PLANTED IN GOD IN ORDER TO SURVIVE THIS UNSTABLE WORLD.

**The Keys to the Temple** Llewellyn Worldwide

When Cook's newborn baby entered the world, he had nothing but hope for its future. However, it was immediately clear that this was no ordinary child—its murderous screams seemed a dark portent. As it grew, things only got worse, and the child's mother began to despair. The new parents hoped their child would grow out of it, but soon came to realize that its inauspicious beginnings were only a sign of things to come. Herbert George Wells (1866 - 1946) was a prolific English writer who wrote in a variety of genres, including the novel, politics, history, and social commentary. Today, he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as "The Time Machine" (1895), "The Invisible Man" (1897), and "The War of the Worlds" (1898). "The Father of Science Fiction" was also a staunch socialist, and his later works are increasingly political and didactic. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

*Pentecostalism and Witchcraft* Charisma Media

Oil, like other fossil fuels, permeates every aspect of human existence. Yet it has been largely ignored by cultural critics, especially in the context of the Global South. Seeking to make visible not only the pervasiveness of oil in society and culture but also its power, *Oil Fictions* stages a critical intervention that aligns with the broader goals of the energy humanities. Exploring literature and film about petroleum as a genre of world literature, *Oil Fictions* focuses on the ubiquity of oil as well as the cultural response to petroleum in postcolonial states. The chapters engage with African, South American, South Asian, Iranian, and transnational petrofictions and cover topics such as the relationship of colonialism to the fossil fuel economy, issues of gender in the Thermocene epoch, and discussions of migration, precarious labor, and the petro-diaspora. This unique exploration includes testimonies of the oil encounter—through memoirs, journals, and interviews—from a diverse geopolitical grid, ranging from the Permian Basin to the Persian Gulf. By engaging with non-Western literary responses to petroleum in a concentrated, sustained way, this pathbreaking book illuminates the transnational dimensions of the discourse on oil. It will appeal to scholars and students working in literature and science studies, energy humanities, ecocriticism, petrocriticism, environmental humanities, and Anthropocene studies. In addition to the editors, the contributors to

this volume include Henry Obi Ajumeze, Rebecca Babcock, Ashley Dawson, Sharae Deckard, Scott DeVries, Kristen Figgins, Amitav Ghosh, Corbin Hiday, Helen Kapstein, Micheal Angelo Rumore, Simon Ryle, Sheena Stief, Imre Szeman, Maya Vinai, and Wendy W. Walters.

**Occult Theocracy** Red Wheel/Weiser

Regular readers of Charles Stross's *Laundry Files* might have noticed Bob Howard's absence from the events of *The Nightmare Stacks*, and his subsequent return from Tokyo at the start of *The Delirium Brief*. *Escape from Yokai Land* explains what he was doing there. Bob's been assigned to work with the Miyamoto Group, checking the wards that lock down Japan's warded sites—a task previously handled by his predecessor Dr. Angleton, the Eater of Souls. This mostly involves policing yokai: traditional magical beings, increasingly grown more annoying and energetic. But then Bob's simple trip turns into a deadly confrontation with the ultimate yokai. It's massively powerful. It's pink. And it says "Hello." At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Dictionary of the British English Spelling System* Springer

This book will tell all you need to know about British English spelling. It's a reference work intended for anyone interested in the English language, especially those who teach it, whatever the age or mother tongue of their students. It will be particularly useful to those wishing to produce well-designed materials for teaching initial literacy via phonics, for teaching English as a foreign or second language, and for teacher training. English spelling is notoriously complicated and difficult to learn; it is correctly described as much less regular and predictable than any other alphabetic orthography. However, there is more regularity in the English spelling system than is generally appreciated. This book provides, for the first time, a thorough account of the whole complex system. It does so by describing how phonemes relate to graphemes and vice versa. It enables searches for particular words, so that one can easily find, not the meanings or pronunciations of words, but the other words with which those with unusual phoneme-grapheme/grapheme-phoneme correspondences keep company. Other unique features of this book include teacher-friendly lists of correspondences and various regularities not described by previous authorities, for example the strong tendency for the letter-name vowel phonemes (the names of the letters) to be spelt with those single letters in non-final syllables.

**Sexology for the Wise** Amagi Books

When Dion Fortune wrote *Aspects of Occultism*, "occultism" was an umbrella word used to describe hidden lore, secret traditions, and arcane knowledge. Today, when the word "occult" is often confused for "cult," and all its negative aspects, Fortune's essays would be better referred to as "esoteric studies." In this book she discusses evocative magic, the sites of Druid worship, parallels between Christianity and the Qabalah, the astral plane, auras, spiritual healing, power cycles, and our relationship with the Higher Self. This revised edition includes a new introduction by Gareth

Knight, an index, and an additional essay by Fortune-"The Myth of the Round Table." People familiar with Fortune's work will love this book!

**The Fabric of the Cosmos** Macmillan + ORM

Now expanded: The definitive visual guide to writing science fiction and fantasy—with exercises, diagrams, essays by superstar authors, and more. From the New York Times-bestselling, Nebula Award-winning author, Wonderbook has become the definitive guide to writing science fiction and fantasy by offering an accessible, example-rich approach that emphasizes the importance of playfulness as well as pragmatism. It also embraces the visual nature of genre culture and employs bold, full-color drawings, maps, renderings, and visualizations to stimulate creative thinking. On top of all that, it features sidebars and essays—most original to the book—from some of the biggest names working in the field today, among them George R. R. Martin, Lev Grossman, Neil Gaiman, Michael Moorcock, Charles Yu, Kim Stanley Robinson, and Karen Joy Fowler. For the fifth anniversary of the original publication, Jeff VanderMeer has added fifty more pages of diagrams, illustrations, and writing exercises, creating the ultimate volume of inspiring advice. "One book that every speculative fiction writer should read to learn about proper worldbuilding." —Bustle "A treat . . . gorgeous to page through." —Space.com

*Unshakeable* Chosen Books

All original stories about the return of Cthulhu and the Old Ones to Earth. Some of the darkest hints in all of H.P. Lovecraft's Cthulhu Mythos relate to what will happen after the Old Ones return and take over the earth. What happens when Cthulhu is unleashed upon the world? What happens when the other Old Ones, long since banished from our universe, break through and descend from the stars? What would the reign of Cthulhu be like on a totally transformed planet where mankind is no longer the master? Find out in these exciting, brand-new stories.

*Cyclonopedia* Wesleyan University Press

This "weird, lyrical mystery" brings the Cthulhu mythos into the Cold War era: "an innovative gem that turns Lovecraft on his head" (Cherie Priest). After attacking Devil's Reef in 1928, the US government rounded up the people of Insmouth and took them to the desert, far from their ocean, their Deep One ancestors, and their sleeping god Cthulhu. Only Aphra and Caleb Marsh survived the camps, and they emerged without a past or a future. The government that stole Aphra's life now needs her help. FBI agent Ron Spector believes that Communist spies have stolen dangerous magical secrets from Miskatonic University, secrets that could turn the Cold War hot in an instant, and hasten the end of the human race. Aphra must return to the ruins of her home, gather scraps of her stolen history, and assemble a new family to face the darkness of human nature. *Winter Tide* is the debut novel from Ruthanna Emrys, author of the Aphra Marsh story, "The Litany of Earth"—included here as a bonus.

*Anomaly*

The Cambridge Companion to Nineteen Eighty-Four is aimed at undergraduates, postgraduates, and academics. Situating the novel in multiple frameworks, including contextual considerations and literary histories, the book asks new questions about the novel's significance in an age in which authoritarianism finds itself freshly empowered.

**Demons Defeated** Open Book Publishers

Faces the question of whether a Christian can have a demon, examines various methods of deliverance, and teaches how deliverance can be maintained. This book describes how people can be released from demonic oppression. It includes prayers for deliverance, release from curses, soul ties and Freemasonry.

*Three Books of Occult Philosophy* BRILL

An indispensable sampling of the vast assortment of publications which exist as an adjunct to the mainstream press, or which promote themes and ideas that may be defined as pop culture, alternative, underground or subversive. Updated and revised from the pages of the critically acclaimed Headpress journal, this is an enlightened and entertaining guide to the counter culture - including everything from cult film, music, comics and cutting-edge fiction, by way of its books and zines, with contact information accompanying each review.

**Joyce and the Anglo-Irish** AK Press

This "immaculately researched and compellingly written" WWII history sheds new light on Britain's critical victory against Nazi invasion (*The New Criterion*). In the summer of 1940, the Nazi war machine was at its zenith. France, Denmark, Norway, and the Low Countries were all under occupation. Only Britain stood in the way of the complete triumph, and Hitler planned a two-pronged offensive—a blistering aerial bombardment followed by a land invasion—to subdue his final enemy. But for the first time in the war, Hitler did not prevail. As Leo McKinstry details in this fascinating new history, the British were far more ruthless and proficient than is usually recognized. The brilliance of the RAF in the Battle of Britain was not an exception but part of a pattern of magnificent organization that thwarted Hitler's armies at every turn. Using a wealth of archival and primary source materials, Leo McKinstry provides a groundbreaking new assessment of the six fateful months in mid-1940 when Operation Sea Lion was all that stood between the Nazis and total victory.

**The Book of Imaginary Beings** Vital Issues Press

What are demons? How do demons gain entry into people's lives? Do Christians need deliverance from demons? In this practical, comprehensive handbook on deliverance, author and Bible expositor Derek Prince addresses the fears and misconceptions often associated with the subject of demons. By sharing his own struggles with unseen forces, he encourages believers to become equipped to take action against these evil beings. He exposes their characteristics, activities, and entry points, and offers solid, down-to-earth advice on how to receive and minister deliverance—and how to remain free.

*Oil Fictions* Read Books Ltd

In *Killing Hope*, William Blum, author of the bestselling *Rogue State: A Guide to the World's Only Superpower*, provides a devastating and comprehensive account of America's covert and overt military actions in the world, all the way from China in the 1940s to the invasion of Iraq in 2003 and - in this updated edition - beyond. Is the United States, as it likes to claim, a global force for democracy? *Killing Hope* shows the answer to this question to be a resounding 'no'.

**Strongman's His Name...What's His Game?** Macmillan

This book traces the origins of a faith—perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional

authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared *The New Republic* hailed it as "remarkable, learned and lively," while *The New Yorker* noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

*The Holy Terror* Tordotcom

Lectures delivered at the Indian Institute of Advanced Study, Simla.

**Why We Fight** Reaktion Books

"What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands." Billy Bragg from the bookjacket.

*Inside the New Age Nightmare* Mulholland Books

Joyce and the Anglo-Irish is a controversial new reading of the pre-Wake fictions. Joining ranks with a number of recent studies that insist on the importance of historical contexts for understanding James Joyce, Len Platt's account has a particular focus on issues of class and culture. The Joyce that emerges from this radical reappraisal is a Catholic writer who assaults the Protestant makers of Ireland's traditional literary landscape. Far from being indifferent to the Irish Literary Revival, the James Joyce of Platt's book attacks and ridicules these revivalist writers and intellectuals who were

claiming to construct the Irish nation. Examining the aesthetics and politics of revivalist culture, Len Platt's research produces a James Joyce who makes a crucial intervention in the cultural politics of nationalism. The Joyce enterprise thus becomes centrally concerned both with a disposal of the essentialist culture produced by the tradition of Samuel Ferguson, Standish O'Grady and W.B. Yeats, and a redefining of the 'uncreated conscience' of the race.

**Operation Sea Lion** Transaction Publishers

- Corrects the many mistranslations, copyist mistakes, and errors introduced from other editions, drawing on new research and access to Agrippa's source texts
- Restores all of Agrippa's original illustrations
- Presents a nearly complete bibliography of Agrippa's primary sources

One of the most important texts in the Western magical tradition for nearly 500 years, Heinrich Cornelius Agrippa's 1533 work *Three Books of Occult Philosophy* collates a multitude of sources from the Classical, Medieval, and Renaissance periods and organizes them into a coherent explanation of the magical world. Divided into three parts--the natural world, the celestial world, and the divine world--the book systematically explains the philosophy, logic, and methods of magic and astrology and how they work, offering numerous examples, diagrams, techniques, and analogies. Agrippa's seminal masterpiece provided the basis for 19th-century magical orders such as the Golden Dawn and has been a primary source for countless books on magical uses of stones, herbs, incense, and astrology. Additionally, Agrippa's many lists and diagrams, especially the planetary seals and magic squares, have proven invaluable to magicians since the 16th century. Yet, up until now, all English editions of Agrippa's *Three Books* were based on the same flawed 1651 translation from the mysterious "J.F." In this new translation from the original 1533 Latin edition, Eric Purdue corrects the many mistranslations, copyist mistakes, and errors introduced from other editions, as well as restores all of Agrippa's original illustrations. He notates every correction from earlier editions and offers commentary to rectify the original translator's mistranslations. Drawing on major developments in the research of older magical and astrological texts since the 1990s, Purdue also presents a nearly complete bibliography of Agrippa's primary sources, revealing how Agrippa was not writing from missing or secret texts but was a mainstream scholar of his day. Presenting the first new English translation of *Three Books of Occult Philosophy* in more than 350 years, this three-volume hardcover boxed set repairs the gaps in knowledge pervasive in the original translation as well as restores the magical spirit of Agrippa's masterpiece, allowing us to hear Agrippa speak again.
