The Knowing the Bible series is a new resource designed to help Bible readers better understand and apply God's Word. Each 12-week study leads participants through one book of the Bible and is made up of four basic components: (1) Reflection questions designed to help readers engage the text at a deeper level; (2) "Gospel Glimpses" highlighting the gospel of grace throughout the book; (3) "Whole-Bible Connections" showing how any given passage connects to the Bible's overarching story of redemption culminating in Christ; and (4) "Theological Soundings" identifying how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from a wide array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God's grace on each and every page of the Bible. The book of Romans was Paul's greatest literary achievement, a majestic letter in which the apostle expounds on crucial doctrines such as original sin, election, substitutionary atonement, the role of the law, and

justification by faith alone. Plumbing the theological depths, Jared Wilson writes with a pastor's eye toward understanding and application as he explains the biblical text with clarity and passion, helping readers follow along as Paul recounts the history of salvation and illuminates the glories of the cross of Christ.

 A boy discovers a mysterious mechanical world he may never escape in this steampunk fantasy that's "a thrill a minute" (Kirkus Reviews), set in nineteenth-century England. Ten-year-old Jack Foster has stepped through a doorway and into quite a different London. Londinium is a smoky, dark, and dangerous place, home to mischievous metal fairies and fearsome clockwork dragons that breathe scalding steam. The people wear goggles to protect their eyes, brass grill insets in their nostrils to filter air, or mechanical limbs to replace missing ones. Over it all rules the Lady, and the Lady has demanded a new son—a perfect flesh-and-blood child. She has chosen Jack. His only hope of escape lies with a legendary clockwork bird. The Gearwing grants wishes—or it did, before it was broken—before it was killed. But some things don't stay dead forever. Fans of books like Splendors and Glooms and Doll Bones will find Flights and Chimes and Mysterious Times irresistible!

This book offers an unprecedented look into the field of translation studies (TS) in Brazil, placing emphasis both on the conflict theory vs. practice and on the reception of poststructuralist thought. The implied debate between the voices heard in the book represents a wide-ranging spectrum of viewpoints not only in TS in Brazil, but also in the humanities in general. Addressing issues such as the institutionalisation of translation, the aim of translation theory and translator training, the impact of poststructuralist thought on TS and the role of multilingualism in the area, this work offers an overview of the field of TS today, while proposing new strategies for translators and translation scholars that go beyond the conflicts between theory and practice and between structuralism and poststructuralism.

NEW YORK TIMES BESTSELLER • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about

Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide. *Lonely Planet's Best in Travel 2020* Simon and Schuster "In Muslims in Spain, 1492-1814: Living and Negotiating in the Land of the Infidel, Eloy Martín-Corrales surveys Hispano-Muslim relations from the late fifteenth to the eighteenth centuries, a period of chronic hostilities. Nonetheless there were thousands of Muslims in Spain during this time: ambassadors, exiles, merchants, converts, and travelers. Their negotiating strategies and the necessary support they found on both shores of the Mediterranean prove that relations between Spaniards and Muslims were based on reasons of state and a pragmatism that generated intense ties, both political and economic. These increased enormously after the peace treaties that Spain signed with Muslim countries between 1767 and 1791"--
