ADKINS HAIDEN

The Gnomes Book of Christmas Crafts Simon and Schuster

A cozy book of gnomes (and gnomes), just in time for the holidays Kirsten Sevig grew up hearing about little gnomes in great Nordic folktales. When she realized that a “gnome” was also another word for a proverb, she brought the two together. The result is a charming collection of Scandinavian wisdom accented by whimsical illustrations. There are gnome women chopping wood (“chop your own wood and it will warm you twice”), men surreptitiously knitting (“two balls of yarn are better than one”), and gnome kids making snow angels, skiing, and more. In *The Little Winter Book of Gnomes*, Sevig invites readers into a cozy wonderland of her own prolific imagination. With recipes for holiday favorites like mulled cider and gingerbread, this book is the perfect gift to inspire readers to take joy in all of winter’s little happy-makers.

Whimsical Gnomes Secret Garden Coloring Book HarperCollins UK

Two travelers discover the secrets of sleep from the Sandman himself. Includes a book-within-a-book with helpful hints for both sleepyheads and insomniacs.

The Realm Of Faerie - Fairy Life And Legend In Britain (Folklore History Series) Simon and Schuster

Join ten flower friends for a night of excitement that mixes a little math with a lot of magic. As each flower turns into a butterfly, children will discover

different ways to group numbers to create ten, an essential building block of math, all while watching each flower's dream come true. (And keep an eye out for the adorable caterpillar who wishes he could fly, too!) In this, the second book in the McKellar Math line, actress, math whiz, and New York Times bestselling author Danica McKellar once again sneaks in secret addition and subtraction concepts to help make your child smarter and uses her proven math success to show children that loving numbers is as easy as a wave of a wand and a BING BANG BOO! " Danica McKellar's bringing her love of numbers to children everywhere." --Brightly on Goodnight, Numbers "Danica McKellar is now on a mission to make math fun for even the youngest of kids." --L.A. Parent Magazine Don't Miss Even More Math Fun in Bathtime Mathtime!

Each classic picture book is stunningly presented in hardcover with a silver foil highlight on the spine, rounded corners and a special place-holder ribbon. Children will love to explore the enchanting tales from award-winning authors, and parents will love the great value price!

Gnome Clock Book Shire Publications

This is the intriguing story of garden gnomes and how they have come to reside in the flowerbeds of gardens across Britain. Originating in Europe, gnomes made the leap across the channel in the nineteenth century, where they were welcomed warmly by wealthy Brits who saw them as the must-have garden accessory. But the fortunes of the humble gnome were not to last, and they soon found themselves sneered at by serious gardeners. Turned away from fashionable gardens, the little gnomes found a friend in many a working class gardener, who adopted them in increasing numbers,

and in a variety of humorous poses. Today, gnomes are as popular with the masses as ever, and this entertaining illustrated history will appeal to those who love, and hate, these small bearded characters.

[Seducing the Demon](#) Graphic Universe™

Who says gnomes are just for the holiday season? These 8 mythological creatures will bring a touch of whimsy to your home all year long. Bixley adds a festive touch to your Christmas decor; Lorenzo & Esme let you show your love on Valentine's Day; Pascal is waiting patiently for Easter; Blossom is ready to plant her flowers; Sukie hopes to scare someone at Halloween; Carmine has raided the pumpkin patch; and Darrell—well, Darrell is just hanging around the farmhouse all year long! All designs are made using worsted-weight yarn and are around 7" tall and 4" wide.

In an alternate America, tensions are high as Beatrice prepares to become the country's first queen, while Princess Samantha and Prince Jefferson struggle to decide what their futures might hold.

The Secret Secrets of the Gnomes

Go big or go gnome. The New York Times bestselling authors of Kill the Farm Boy welcome you to the world of Pell, the irreverent fantasy universe that recalls Monty Python and Terry Pratchett. "A complete delight, as fluffy and fun as The Lego Movie and as heartfelt as Harry Potter and the Sorcerer's Stone."—Locus War is coming, and it's gonna be Pell. On one side stand the gnomes: smol, cheerful, possessing tidy cardigans and no taste for cruelty. On the other side sit the halflings, proudly astride their war alpacas, carrying bags of grenades and hungry for a fight. And pretty much anything else. It takes only one halfling bomb and Offi Numminen's world is turned upside down—or downside up, really, since he lives in a hole in the ground. His goth cardigans and aggressive melancholy set him apart from the other gnomes, as does his decision to fight back against their halfling oppressors. Suddenly Offi is the leader of a band of lovable misfits and outcasts—from a gryphon who would literally kill for omelets to a young dwarf herbalist who is better with bees than with his cudgel to an assertive and cheerful teen witch with a beard as long as her book of curses—all on a journey to the Toot Towers to confront the dastardly villain intent on tearing Pell asunder. These adventurers never fit in anywhere else, but as they become friends, fight mermaids, and get really angry at this one raccoon, they learn that there's nothing more heroic than being yourself. In No Country for Old Gnomes, Delilah S. Dawson and Kevin Hearne lovingly tweak the tropes of fantasy and fairy tales. Here you'll find goofy jokes and whimsical puns, but you'll also find a diverse, feminist, and lighthearted approach to fantasy that will bring a smile to your face and many fine cheeses to your plate.

A Gnome's Christmas Crown Books For Young Readers

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.
