NTC's American Idioms Dictionary

McGraw-Hill Education

Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a

standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for

smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds. Publisher's Note: Products purchased from Third Party sellers are not

With more than 7,000 up-to-date phrases, this dictionary covers situations from talking to a doctor to ordering a meal, and helps learners communicate personal feelings, and make small talk. The Big Book of American Idioms McGraw-Hill  
More than 8,000 idiomatic words and phrases specific to American-style English are presented in this updated A-to-Z dictionary, complete with definitions and sample sentences. Especially useful for TOEFL test-takers and other students in America for whom English is a second

language, this book explains and clarifies many of the similes and metaphors that newcomers to American English find mystifying. It is also useful to native-born Americans who are sometimes confused by regional colloquialisms encountered in reading or on TV. Idioms undergo constant change in every living language, some of them falling out of use, while new words and phrases become part of the standard vocabulary. This dictionary's new fourth edition takes account of the latest idiomatic changes and provides a solid background to informal American English.

250 American Idioms and Phrases Peter Bengelsdorf

The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use

and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART thesaurus - lets you find all the words with the same meaning - QUICKfind - automatically looks up words while you are working on-screen - SUPERwrite - tools for advanced writing, giving help with grammar and

collocation - Hear and practise all the words.

### **450 American Idioms and Phrases**

McGraw Hill Professional

Do you feel that it's "like pulling teeth" when you want to learn new sayings? Would you like to be able to discover new American idioms and phrases that will make communication "a piece of cake"? Sure, you can learn English with a language course or a textbook just fine, and climb up the ranks in terms of your

grasp of the language... but are you sure you can talk like a native? For starters, many expressions used by fluent speakers of English can't exactly be learned in a book, and it can be frustrating to realize that your formal learning hasn't been enough to teach you the way people talk in real life. Sometimes, it's all about having the right tools at your disposal... and this is where The Great Book of American Idioms comes in! Written to act as a powerful addition to your other English-learning resources, this book will allow you to: Discover over 1300 different idioms and sayings, covering hundreds of different subjects Learn the correct definition and usage of each expression, ensuring that you know exactly when you can say them out loud during a conversation

Visualize examples of the sayings in common conversations, helping you understand their context Take advantage of important tips we provide you in the introduction and conclusion of the book, so that you can boost your learning and get a much better understanding of the English language. What are you waiting for? Over 1300 idioms and expressions are awaiting you! Don't miss out on learning why this "dark horse" will help you "see the big picture"!
