& 37 Reviews - Natural Gas ...Propane also is called "liquefied petroleum gas," or LP gas. Like natural gas, it's odorless so processing adds an odor so people can detect its presence. Propane also fuels some specially-configured cars and trucks, producing 30% - 90% less carbon monoxide than typical automotive gasoline. Propane and Natural Gas: What are the pros and cons of ...How are LNG, CNG and LPG different ? Energy & Power Plants / By johnzactruba / Mechanical Engineering. LNG is Liquefied Natural gas and CNG is Compressed Natural Gas. Both are Natural gas in two physical forms. ... Natural gas is compressed to 200 bar

pressure so that the volume is almost 1% of the original. This makes it much more convenient ...How are LNG, CNG and LPG different - Bright Hub Engineering CNG is Compressed Natural Gas, which is mainly methane compressed at a pressure of 200 to 248 bars. LPG is Liquefied Petroleum Gas, a mixture of propane and butane liquefied at 15 °C and a pressure of 1.7 - 7.5 bar. Some variants of LPG are primarily propane so LPG is often colloquially called propane. CNG is cheaper and cleaner, but LPG has a higher calorific value. CNG vs LPG - Difference and Comparison | Diffen Nowadays, LPG is used as an alternative to natural gas for various methods like

cooking, motor fuel, refrigeration, etc. It is referred to as 'Auto Gas'. It has started to replace chlorofluorocarbons in an effort to reduce damage to the ozone layer. The term CNG is an abbreviation for 'Compressed Natural Gas'. It is ordinary natural gas. Difference between LPG and CNG | LPG vs CNG Both CNG and LPG powertrain systems are cheaper and more eco-friendly in cars than diesel or gasoline systems. Their combustion is comparably cleaner, reducing emissions of particulates and nitrogen oxides. Both fuels are also cheaper than gasoline or diesel. Thanks to low production costs and tax incentives, compressed natural gas (CNG) costs drivers

up to 50 percent less. CNG: Gas-Powered cars: CNG Vs LPG - The Economic Times/ Automotive LPG-CNG Valves. ... NATURAL GAS. ALTERNATIVE FUELS. GAS METERING. OTHER.
