South-Western College
The MznLnx Exam Prep series is designed to help

you pass your exams. Editors at MznLnx review your textbooks and then prepare these practice exams to help you master the textbook material. Unlike study guides, workbooks, and practice tests provided by the textbook publisher and textbook authors, MznLnx gives you all of the material in each chapter in exam form, not just samples, so you can be sure to nail your exam. Finance Cengage Learning The only textbook written specifically for Intermediate or Advanced Corporate Finance courses, Brigham/Daves' **INTERMEDIATE FINANCIAL MANAGEMENT, 12E** equips students with a solid understanding of both conceptual theories and practical financial skills. Offering a clear presentation, this comprehensive text from renowned author team Gene Brigham and Phillip Daves reinforces coverage from earlier corporate finance courses while providing new, progressive material to challenge even the most advanced learners. The authors use corporate valuation as a unifying theme to emphasize the theoretic groundwork for

value maximization and the practical skills to analyze business decisions. The book's reader-friendly approach incorporates actual business examples and integrated cases as well as Excel spreadsheet models to demonstrate how financial theory in practice leads to solid financial decisions.

Mznlnx **FINANCE** Created by the experienced author team of Frank Fabozzi and Pamela Peterson Drake, Finance examines the essential elements of this

discipline and makes them accessible to a wide array of readers—from seasoned veterans looking for a review to newcomers needing to get their footing in finance. Divided into four comprehensive parts, this reliable resource opens with a detailed discussion of the basic tools of investing and financing decision-making—financial mathematics and financial analysis. After this informative introduction, you'll quickly become familiar with the three primary areas of finance—capital markets (Part II), financial management (Part III), and investment/asset management (Part IV)—and discover how these different areas are interconnected. Finance is a well-rounded guide to this dynamic field. The straightforward insights found here will put you in a better position to understand what the principles of modern finance are and how they can be used to make the right decisions when managing risk and return in today's complex financial environment.

Test Bank McGraw-Hill College Designed for undergraduates, this

updated text focuses on presenting a balance of theory and applications. It provides a survey of important areas of investments, including: valuation, the marketplace, fixed income instruments and markets, and equity instruments and markets.
