Playing with stickers
books is a marvelous way
for preschool children to
hone fine motor skills,

hand-eye coordination, and spatial relations while they play. With this sticker activity book for children ages 3 to 5, your child will: -solve mazes - play matching games - complete counting activities -decorate pictures While entertaining for hours on end, these preschool activity books can also teach your child to: - practice skills like decision making -sort objects by shape and color -develop observation skills - increase vocabulary - exercise creativity and

much more!
Get Ready for Pre-K Jumbo Workbook: Scholastic Early Learners (Jumbo Workbook) Rockridge Press
 Help your preschooler get ready for a great start. Follow the lovable Lulu on a trip through the Grand Zoo. An iguana, quetzal, unicorn, and other critter friends make reading and writing ABCs so much fun! Kids will enjoy learning the names of the animals that start with the letters of the alphabet. They will also practice tracing

letters and numbers, learning shapes and colors, identifying same and different, matching, sequencing, and following directions. Lulu's jokes and fun facts add smiles and learning opportunities. Examples include "What kind of cat lives in the ocean?" and "Butterflies have transparent wings and taste with their feet." Find a lively selection of reading readiness, early math, and beginning science activities in our zoo-tastic Preschool Scholar; the skill focus is

listed at the bottom of every page for easy reference. Bold, colorful illustrations help little learners stay focused and motivated, and when they are all done, they can fill out the completion reward certificate and display it with pride! A Parent Guide inside the front cover offers helpful tips for maximizing the learning and Activities to Share inside the back cover suggest fun, easy, creative activities that get kids stretching their senses and critical thinking skills. This

workbook is an excellent size for tucking into a tote or backpack and turning road trips and wait times into learning opportunities.

Smart Early Learning Age

3+ is the perfect first

workbook experience.

Through a variety of age-

appropriate engaging

activities like tracing, mazes, coloring, matching games, picture puzzles and more—children will naturally learn and recognize the world around them. These fun-first challenges stimulate creative thinking skills while keeping kids thoroughly entertained as they hone important skills from fine motor coordination to problem solving and observation—all necessary to prepare them for lifelong learning! What's Play Smart Workbooks Over 48

million Play Smart Workbooks sold worldwide. Educational method with over 60 years of experience. Age appropriate activities: Activities are carefully developed to match the level of specific age group. Step-by-step method: The instruction and the activity gradually get challenging throughout the workbook. Wide variety of activities: Variety of activities from different approaches help children strengthen critical thinking skills and creativity, which help

them to be able to solve practical problems on their own. It also helps keep their interest and focus. Stickers: Uses stickers within the context of certain activities and also as rewards for completed work to keep children motivated. 4 colors throughout the book with variety of fun illustrations: The cute and colorful illustrations engage children in activities. Fun illustrations help children understand the activities without reading the instructions. Support children's

learning: "To Parents" sections explain the effective ways for parents to support children's learning. School readiness: Children can acquire basic academic skills before entering preschool. Play Smart Series has won National Parenting Product Awards, Family Choice Award and Mom's Choice Awards®. About Gakken Gakken is the number 1 educational publisher in Japan. Founded in 1946 by Hideto Furuoka, the mission of Gakken has always been to produce

fun-first, educational materials for children. Gakken is well-known to Asian families for its bestselling workbooks. Gakken is also well-respected in academic circles - publishing popular teaching materials for preschools, kindergartens, and primary schools. In addition to its substantial publishing business, Gakken also runs 14,000 learning centers called "Gakken Classrooms" and operates nursery schools - all inspired by the successful formula used in

their workbooks. Play Smart's philosophy rewards success and builds confidence. Created by educational experts, this award-winning Play Smart series uses Gakken's unique fun-first method of completing age-appropriate activities that are progressively more challenging, building on small achievements, and fostering an eagerness to learn. The variety of activities leads to creative problem-solving skills and prepares children for the journey of lifelong learning.

Dr. Seuss Workbook:
Preschool School Zone
From alphabet, number, and word recognition, to sorting and matching, mazes, and more, these adorable workbooks make sharpening essential skills challenging and fun.

School Zone

Fine Motor Skills includes five levels of colorful and stimulating activities that gradually challenge little fingers. Each activity promotes learning and fine motor control while covering fundamental lessons in colors, shapes, counting, and writing. As children color, trace, cut, and glue through the fun activities, they will improve their hand-eye coordination, writing control, and scissor and glue skills, while also being encouraged to express their creativity!

The six titles in the Basic Beginnings series are an essential and fun resource designed to nurture engaged learning for every child. Each book features 64 pages of colorful activities, mazes, and pictures, as well as three mini books to color, cut out, and share!

My ABC's Big Workbook
This preschool sticker workbook for ages 3-5 is a playful, interactive way to learn about colors and shapes. It includes 225+ full-color stickers that are used to complete Hidden Pictures puzzles and other

activities. Highlights knows that the best way to inspire kids to learn about colors and shapes is to make learning fun--and what's more fun than stickers? Kids will love practicing their colors and shapes in this book with 6 pages of full-color stickers and 64 pages of fun activities. Our award-winning content is teacher-approved. Its combination of geometric shape- and color-identification, writing skills, puzzles, humor, and playful art will excite learners and help with

school readiness and success.

Fine Motor Skills, Ages 3 - 6

Copyright Office, Library of Congress
Now learning the ABCs is quicker with "€"stickers , Trace Q. Then write Q. Then place the stickers that show the Q sound, like Quarter and Queen. Stickers are fun Especially stickers that plug into each activity to complete the exercises and playfully help develop readiness skills. This unique method of learning teaches skills like how to recognize and print

letters, identify beginning sounds, match pictures to words, and review alphabetical order, which builds an important foundation for reading. And with this Alphabet Stickers Workbook from the Stuck on Learning , series, it's all cleverly disguised as enjoyable sticker play designed to prepare your child for elementary school. There are also colorful reward stickers that reward your child over and over for a job well done. And when he or she completes the book, a full-page

Certificate of Achievement awaits. As your child traces, outlines, and works through this workbook, he or she will be developing those essential skills needed for future success in school. Get your child stuck on learning

Practical Paediatrics E-Book Simon and Schuster Activity book designed to help children understand, in part through observation and description of spiders and insects, that living things change throughout their lives and depend on and

react to their environment.
Mammals Macmillan
Help preschoolers get ready for reading, writing, and numbers! This gigantic, 320-page book of creative, colorful activities will make learning feel like play. An A+ adventure unfolds, as kids encounter sensational squares and rocking rectangles, a giant newt reading the newspaper and a dinosaur playing the drums. Bold, bright colors and illustrations ease little ones into learning without

feeling overwhelmed. Lessons focus on must-know readiness basics, including colors, shapes, the alphabet, basic phonics, early math, and more, and activities appear in order of increasing difficulty, so preschoolers stay challenged until the end, constantly expanding their skills. When all done they can fill in their name on their very own reward certificate! Along the way, tear-out pages make for easy sharing. School Zone products give kids their own Anywhere Teacher

learning, anywhere and anytime!

This workbook is to help the child understand how mammals differ from all other animals, to explore the various species of mammals, and to investigate mammals' adaptations to their environment.

Preschool Stickers Gakken
Learn Numbers, Colors, and Shapes while having

fun with 250+ stickers. This book contains more than 250 colorful stickers of animals, vehicles, vegetables, fruits, and toys that are recognizable to children. Kid-friendly stickers and age-appropriate activities encourage children to learn. This sticker activity book helps children acquire early math skills as they learn colors and shapes. To learn these skills, children must be able to distinguish between different colors, shapes, and sizes while classifying objects. The

book progresses in stages as follows: Activities to distinguish colors, shapes, and sizes Activities to observe and find similarities and differences Activities to sort and count things Continuing this process can also nurture a child's judgment and problem-solving skills. What is a My First Activity Book Series? ·This series is a suitable size for children with small hands who are just starting to learn. They can apply stickers, color, and cut with scissors with ease. ·This small size

allows children to look at each page without moving their eyes. They can easily understand the activity and remain engaged. For children on the go-they can enjoy this easy-to-carry format everywhere. What's Play Smart Workbooks? Over 50 million Play Smart Workbooks sold worldwide. Educational method with over 70 years of experience. Support children's learning: "To Parents" sections explain the effective ways for parents to support children's learning. School readiness: Children can acquire basic academic skills before entering preschool. *Preschool Activity Books*

Preschool Stickers
Stickers can offer far more than amusement. In Math Stickers the stickers become manipulatives, requiring a child to locate the correct sticker in order to solve the problems, creating an interactive learning

experience. Soon kids will be able to recognize that each numeral has a unique name and shape, and each numerical symbol represents a number. This, along with counting objects, builds important early math skills. Add colorful

illustrations, games, matching and reward stickers to the mix and a child can't help but be engaged in this colorful world of numbers. See for yourself--engage your child in Math Readiness today. Get your child stuck on learning!
