In *Bitter Honey*, seasoned chef Letitia Clark invites us into her home on one of the most beautiful islands in the Mediterranean Sea - Sardinia. The recipes in this book do not take long to make, but you can taste the ethos behind every one of them - one which invites you to slow down, and nourish yourself with fresh food, friends and family. The importance of eating well is even more pronounced here on this forgotten island. Try your hand at

Roasted aubergines with honey, mint, garlic and salted honey, or a salad of Pecorino with walnuts and honey, followed by Malloreddus (the shell-shaped pasta from the region) with sausage and tomato. Each recipe and the story behind it will transport you to the glittering, turquoise waters and laid-back lifestyle of this Italian paradise. With beautiful design, photography, full colour illustrations and joyful anecdotes throughout, *Bitter Honey* is a holiday, a cookbook and a window onto a covetable lifestyle in the sun - all rolled into one. An NPR Best Book of the Year A Most Anticipated Book at Time Magazine,

Entertainment Weekly, Vulture, Elle, BUST, HuffPost, NYLON, Southern Living, Parade, and more From the author of *Our Endless Numbered Days* and *Swimming Lessons*, *Bitter Orange* is a seductive psychological portrait, a keyhole into the dangers of longing and how far a woman might go to escape her past. From the attic of Lyntons, a dilapidated English country mansion, Frances Jellico sees them—Cara first: dark and beautiful, then Peter: striking and serious. The couple is spending the summer of 1969 in the rooms below hers while Frances is researching the architecture in the surrounding gardens. But she's distracted. Beneath a floorboard in her bathroom, she finds a peephole that gives her access to her neighbors' private lives. To Frances'

surprise, Cara and Peter are keen to get to know her. It is the first occasion she has had anybody to call a friend, and before long they are spending every day together: eating lavish dinners, drinking bottle after bottle of wine, and smoking cigarettes until the ash piles up on the crumbling furniture. Frances is dazzled. But as the hot summer rolls lazily on, it becomes clear that not everything is right between Cara and Peter. The stories that Cara tells don't quite add up, and as Frances becomes increasingly entangled in the lives of the glamorous, hedonistic couple, the boundaries between truth and lies, right and wrong, begin to blur. Amid the decadence, a small crime brings on a bigger one: a crime so terrible that it will brand their lives forever.

A moving account of friendship and discovery on the island of Sicily from the acclaimed travel writer and bestselling author of The Alexandria Quartet. Despite decades spent writing poetic evocations of the timeless pleasures of life in the Mediterranean, Lawrence Durrell had never set foot on the sea's largest island: mysterious, impenetrable Sicily. For years his friend Martine

begged him to visit her on this sun-kissed paradise, and though he always intended to, life inevitably interfered. It took Martine's sudden death to finally bring him to the island's shores. With Martine's letters in his pocket, Durrell signs up for a tour group, hoping to learn the travel habits of those who aren't obsessively devoted to island life. As he treks from sight to sight, dizzy with history and culture, Durrell finds echoes of his past lives in Rhodes, Cyprus, and Corfu.

It's what we do with the life's bummers, how we look at setbacks, what we make of the lemons that counts. And in this lighthearted, spirited book, Addie Johnson invites us to make a myriad of

different things from those metaphorical lemons. When you're stuck in a difficult time you can change your outlook and your circumstances, you can stay healthy and surround yourself with love, you can seek out and find the hidden treasure to all around you in everyday things, and, perhaps most important, you can figure out how to be grateful for anything and everything that comes your way. You never know, maybe all it will take is a little water, sugar and ice before you're feeling much better.

Life on a Mediterranean Island Anchor

The champion of uncelebrated foods including fat, offal, and bones, Jennifer McLagan turns her attention to a fascinating, underappreciated, and trending topic: bitterness. What do

coffee, IPA beer, dark chocolate, and radicchio all have in common? They're bitter. While some culinary cultures, such as in Italy and parts of Asia, have an inherent appreciation for bitter flavors (think Campari and Chinese bitter melon), little attention has been given to bitterness in North America: we're much more likely to reach for salty or sweet. However, with a surge in the popularity of craft beers; dark chocolate; coffee; greens like arugula, dandelion, radicchio, and frisée; high-quality olive oil; and cocktails made with Campari and absinthe—all foods and drinks with elements of bitterness—bitter is finally getting its due. In this deep and fascinating exploration of bitter through science, culture, history, and 100 deliciously idiosyncratic recipes—like

Cardoon Beef Tagine, White Asparagus with Blood Orange Sauce, and Campari Granita—award-winning author Jennifer McLagan makes a case for this misunderstood flavor and explains how adding a touch of bitter to a dish creates an exciting taste dimension that will bring your cooking to life.

The final installment of the Alexandria Quartet, hailed by the New York Times Book Review as “one of the most important works of our time” Years after his liaisons with Justine and Melissa, Darley becomes immersed in a relationship with Clea, a bisexual artist. The ensuing chain of events transforms not only the lovers, but the dead as well, and leads to the series' brilliant and

unexpected resolution. Praised by Life as among the “most discussed and widely admired serious fiction of our time,” Clea carries on Durrell’s assured and unwavering style, and confirms the series’ standing as a resounding masterpiece of twentieth-century fiction. This ebook contains a new introduction by Jan Morris.

Travel writing “as luminous as the Mediterranean air” from the acclaimed author of the Alexandria Quartet, who is featured in PBS’s *The Durrells in Corfu* (Time). Born in India, acclaimed British novelist and poet Lawrence Durrell lived in Corfu as a young man, enjoying salt air, cobalt water, and an unfettered

bohemian lifestyle, along with his brother, Gerald, who would also go on to be a writer and a naturalist. Their real-life family is portrayed in the PBS Masterpiece production, *The Durrells in Corfu*. Over the following decades, he rambled around the Mediterranean, making homes in Egypt, Cyprus, and Greece, always bringing his poet’s eye to document his experiences. *Blue Thirst*: In the first of a pair of lectures, given during a 1970s visit to California, Durrell recalls his family’s time living on the Greek island of Corfu, expanding on his eloquent memoir, *Prospero’s Cell*. When the Second World War came to the Mediterranean, Durrell was swept into diplomatic service, an adventure he vividly recounts in his powerful second lecture. “[Durrell’s] travel books arrive

like long letters from a civilized and very funny friend.” —Time Sicilian Carousel: For years, Durrell’s friend Martine had begged him to visit her on the sun-kissed paradise of Sicily, but it took her sudden death to finally bring him to the island’s shores. With Martine’s letters in his pocket, Durrell treks from sight to sight, dizzy with history and culture, and finds haunting echoes of his past lives in Rhodes, Cyprus, and Corfu. “Elegant . . . wonderful.” —Time Bitter Lemons of Cyprus: Against the backdrop of the push for independence on Cyprus in the early 1950s, the poet, novelist, and former British government official buys a house, secures a job, and settles in, yearning for a return to the island lifestyle of his youth. Winner of the Duff Cooper Prize, this memoir is an elegant

picture of island life in a changing world. “Brilliant depth of language . . . gathering slowly from the lighter delightful pages to its lost and questioning end. Never for a moment does [Durrell] lose the poet’s touch.”

Master prose stylist Julian Barnes presents a collection of stories whose characters are growing old and facing the end of their lives -- some with bitterness, some with resignation and others with raging defiance. “Life is just a premature reaction to death,” was what Viv’s husband used to say. Once her lover and friend, he is now Viv’s semi-helpless charge, who is daily sinking ever deeper into dementia. In “Appetite,” Viv has found a way to reach

her husband: by reading aloud snippets of recipe books until he calls out indelible -- and sometimes unfortunate -- scenes locked away in his brain. In "The Things You Know," two elderly friends enjoy their monthly breakfast meetings that neither would ever think of missing. Of course, all they really have in common is a fondness for flat suede shoes and a propensity for thinking spiteful, unspoken thoughts about one another's dead husbands. "The Fruit Cage" is narrated by a middle-aged man whose seemingly orderly upbringing is harrowingly undone when he discovers that his parents' old age is not necessarily a time of serenity but actually an age of aroused, perhaps violent, passions. In these stories, Julian Barnes displays the erudition, wit and

uncanny insight into the human mind that mark him as one of today's great writers, one whose intellect and humour never obscure a genuine affection for his characters.

Clichés are commonplace in the world today. Some people build their whole life around a catchy phrase that both entertains and informs. But a lot of times they only deal with surface issues that gives temporary answers to life's more

serious issues. Clichés have a place in life and language. But to be helpful they must be transformed into something that empowers people to explore more deeply the great issues of our life and times. The effort of this book is to take a popular cliché and use it to enable people to think more seriously about the issue of bitterness and strife that pervades a great part of the population of the world today. To live a life full of bitterness and strife has to be one of the most distressing ways to live. Bitterness and strife absorb so much of a person's daily existence. It is hard to be constructive when something so strong as bitterness and strife has a foot hole in a person's life. So then, using the common cliché, "When life gives you lemons, make lemonade", this book aims

to lead the reader towards a path away from bitterness and strife and into a life of joy and peace. No one has to be bitter in life. Bitterness is a choice. There are alternatives. A path to a more positive and constructive way of life can be chosen. Since this cliché has been introduced into the language of modern culture it has been used by various disciplines, doctrines and daily conversations to capture the innate ability of many humans to rise above the pull of bitterness and adopt a lifestyle that chooses to be positive and constructive rather than angry and bitter. We are not created to be bitter, but to be a pleasant aroma that overcomes the harsh tone of our existence that pervades human interaction in so many sectors

today. "When life gives you lemons, make lemonade" is a cliché that is simple but profound in so many ways. Part of the aim of this book is to move it away from just its simplistic use to a more serious effort to transcend the pervasive tendency of modern humans to be consumed by bitterness and strife. Seven elements are presented as primers for acquiring the capacity to overcome any form of bitterness that seeks to have control over our lives. Some are biblical and some are human aspirations that have a close correlation to the teachings of the Bible. In either case the belief is that God desires that humans would be able, with divine help, to live a life that is void of bitterness and infused with God's love that is able to transform the most hurtful situations in

life into expressions of God's all-encompassing love, mercy and grace. What I hope to do in this book is to enable someone to get beyond any anger or bitterness in life and become a stronger more loving, compassionate, and kind person.

Beginning with their first meeting over lunch at Lawrence Durrell’s Provençal home, Durrell and Janan Chang—renowned Taoist philosopher and expert on Eastern sexuality—developed an enduring relationship based on mutual spiritual exploration. After World War II, an Englishman seeks peace on an ancient Greek island in this “remarkable” travel memoir (The New York Times). *Isolomania* is a disease not yet classified by Western science, but to those afflicted its symptoms are all too recognizable. Men like Lawrence Durrell are struck by a powerful need to live on the ancient islands of the Mediterranean, where the clear blue Aegean is always within reach. After four tortuous wartime years in Egypt, Durrell finds a post on the island of Rhodes, where the British are attempting to return Greece to the sleepy peace it enjoyed in the ’30s. From his first morning, when a dip in the frigid sea jolts him awake for what feels like the first time in years, Durrell breathes in the fullest joys of island life, meeting

villagers, eating exotic food, and throwing back endless bottles of ouzo, as though the war had never happened at all. The charms of his stay there still resonate today, for the pleasures of

Greece are older than history itself.
