OCONNELL SHERMAN

Best of Swing (Songbook) Simon and Schuster
Cocktail Hour Under the Tree of Forgetfulness tells the story of the author's mother, Nicola Fuller. Nicola Fuller and her husband were a glamorous and optimistic couple and East Africa lay before them with the promise of all its perfect light, even as the British Empire in which they both believed waned. They had everything, including two golden children - a girl and a boy. However, life became increasingly

difficult and they moved to Rhodesia to work as farm managers. The previous farm manager had committed suicide. His ghost appeared at the foot of their bed and seemed to be trying to warn them of something. Shortly after this, one of their golden children died. Africa was no longer the playground of Nicola's childhood. They returned to England where the author was born before they returned to Rhodesia and to the civil war. The last part of the book sees the Fullers in their old age on a banana and fish farm in the Zambezi Valley. They had built their ramshackle dining room under the Tree of Forgetfulness. In local custom, this tree is the meeting place for

villagers determined to resolve disputes. It is in the spirit of this Forgetfulness that Nicola finally forgot - but did not forgive - all her enemies including her daughter and the Apostle, a squatter who has taken up in her bananas with his seven wives and forty-nine children. Funny, tragic, terrifying, exotic and utterly unself-conscious, this is a story of survival and madness, love and war, passion and compassion.

The Great American Songbook - The Singers Simon and Schuster

The visionary behind the bestselling phenomenon *The Fourth Turning* looks once again to America's past to predict our future in this startling and hopeful

prophecy for how our present era of civil unrest will resolve over the next ten years—and what our lives will look like once it has. Twenty-five years ago, Neil Howe and the late William Strauss dazzled the world with a provocative new theory of American history. Looking back at the last 500 years, they'd uncovered a distinct pattern: modern history moves in cycles, each one lasting roughly eighty to one hundred years, the length of a long human life, with each cycle composed of four eras—or “turnings”—that always arrive in the same order and each last about twenty years. The last of these eras—the fourth turning—was always the most perilous, a period of civic upheaval and national mobilization as traumatic and transformative as the New Deal and

World War II, the Civil War, or the American Revolution. Now, right on schedule, our own fourth turning has arrived. And so Neil Howe has returned with an extraordinary new prediction. What we see all around us—the polarization, the growing threat of civil conflict and global war—will culminate by the early 2030s in a climax that poses great danger and yet also holds great promise, perhaps even bringing on America's next golden age. Every generation alive today will play a vital role in determining how this crisis is resolved, for good or ill. Illuminating, sobering, yet ultimately empowering, *The Fourth Turning Is Here* takes you back into history and deep into the collective personality of each living generation to make sense of our current

crisis, explore how all of us will be differently affected by the political, social, and economic challenges we'll face in the decade to come, and reveal how our country, our communities, and our families can best prepare to meet these challenges head-on.

Music of the World War II Era Simon and Schuster

America's Songs tells the stories behind the most beloved popular songs of the last century. We all have songs that have a special meaning in our lives; hearing them evokes a special time or place. Little wonder that these special songs have become enduring classics. Nothing brings the roarin' '20s to life like *Tea for Two* or *I'm Just Wild About Harry*; the Great Depression is evoked in all of its pain and misery in songs like *Brother*

Can You Spare a Dime?; God Bless America revives the powerful hope that American democracy promised to the world during the dark days of World War II; Young at Heart evokes the postwar optimism of the '50s. And then there are the countless songs of love, new romance, and heartbreak: As Time Goes By, Always, Am I Blue...the list is endless. Along with telling the stories behind these songs, America's Songs suggests, simply and succinctly, what makes a song great. The book illuminates the way each great song melds words and music - sentiment and melody - into a seamless whole. America's Songs also traces the fascinating but mysterious process of collaboration, the give-and-take between two craftsmen, a composer and a lyricist,

as they combined their talents to create a song. For anyone interested in the history of the songs that America loves, America's Songs will make for fascinating reading.

"Provocative, opinionated, and never dull"--Down Beat. "A singular book."--

Studs Terkel. When it was first

published, Alec Wilder's American

Popular Song quickly became a classic

and today it remains essential reading

for countless musicians, lovers of

American Song, and fans of Alec Wilder.

Now, in a 50th anniversary edition,

popular music scholar Robert Rawlins

brings the book fully up-to-date for the

21st century. Whereas previous editions

featured only piano scores, the format has been changed to lead sheet notation with lyrics, making it accessible to a wider readership. Rawlins has also added more than sixty music examples to help complete the chapter on Irving Berlin. One of the most fascinating features of the original edition was Wilder's inventive use of language, often revealing his strong and sometimes irreverent opinions. Wilder's prose remains relatively unaltered, but footnotes have been provided that clarify, elucidate, and even correct. Moreover, a new chapter has been added, discussing fifty-three songs by numerous composers that Wilder might have well included but was not able to. Songs by Ann Ronnell, Fats Waller, Jule Styne and many others are capped off

with an examination of ten of Wilder's own songs.

Swingtime Canteen Titan Books (US, CA) In this volume, 39 of the legendary composers from Tin Pan Alley, Hollywood and Broadway of the 1920s through the 1950s discuss their careers and share the stories of creating many of the most beloved songs in American music. Interviewed for radio in the mid-1970s, they include such giants as Harold Arlen, Eubie Blake, Cy Coleman, George Duning, Sammy Fain, Jerry Herman, Bronislaw Kaper, Henry Mancini, David Rose, Arthur Schwartz, Charles Strouse, Jule Styne, Jimmie Van Heusen, Harry Warren, Richard Whiting, and Meredith Willson. Photographs and rare sheet music reproductions accompany the interviews.

Book description to come.

American Popular Song Bloomsbury Publishing USA

From celebrated entertainer Michael Feinstein comes a beautifully illustrated account of the lives and legacies of the Gershwins—told through stories of twelve of their greatest songs. The “Ambassador of the Great American Songbook” Michael Feinstein was just twenty years old when he got the chance of a lifetime: a job with his hero, Ira Gershwin. During their six-year partnership, the two became close friends. Feinstein blossomed under Gershwin’s mentorship and Gershwin

was reinvigorated by the younger man's zeal for his and his brother George's legacy. Now, in *The Gershwins and Me*, the only book of its kind, Michael Feinstein shares unforgettable stories and reminiscences from the music that defined American popular song, along with rare Gershwin memorabilia he's collected through the years. From "Strike Up the Band" to "Love Is Here to Stay," each of the twelve chapters highlights one of the Gershwins' classic songs, exploring the brothers' lives, illuminating what the music meant to them, and telling the stories of how their iconic tunes came to life. Throughout the star-studded narrative, Feinstein unfolds the moving chronicle of his own life with the Gershwins, describing his vision for their enduring presence today. No other

writer could give us such an authoritative inside perspective on these titans of American culture. A timeless classic and the definitive account of the Gershwins and their legacy, *The Gershwins and Me* will have you humming with every turn of the page. Reader contains over 200 short essays on the backgrounds of a wide variety of twentieth-century American popular songs. The witty and knowledgeable essays touch upon several hundred traditional-style pop songs as well as early rock compositions. The essays are filled with anecdotes, humor, irony, and even poetry that reflect the author's offbeat and somewhat irreverent manner, while also presenting a broad spectrum of American popular songs in their historical and cultural contexts. In addition to information about each song and its composer, the author also discusses how the song reflected society at the time and also how the song itself has influenced popular culture. Pop music fans will find this a highly entertaining and readable guide to the

best American popular music of the twentieth century. Divided into five sections, the book covers popular songs from the Tin Pan Alley era (By the Light of the Silvery Moon, California, Here I Come, Let Me Call You Sweetheart, She'll Be Comin' Round the Mountain, and When Irish Eyes are Smiling), the swing/big band era (Don't Get Around Much Anymore, Heart and Soul, In the Mood, Stardust, and Stormy Weather), and the rock era (Chances Are, Good Vibrations, Love Me Tender, Misty, Rock Around the Clock, Stop! In the Name of Love, and The Twist). The Popular Song Reader provides new insights on all-time favorites from Broadway musicals, movies, and television including Ain't Misbehavin', Give My Regards to Broadway, My Funny Valentine,

Aquarius, Cabaret, Luck Be a Lady, Mack the Knife, Don't Fence Me In, Over the Rainbow, Singin' in the Rain, and the theme songs from Star Wars , All in the Family, Cheers, and M*A*S*H.

The Gershwins and Me Rowman & Littlefield

This book is intended as a survey history of the American record business as it developed during its first full century. It already existed, just barely, when the century began, and by the start of the twenty-first century, whatever its troubles, it had become a very big business: 785 million albums in 2000 might not have represented much of an increase over the previous year, but it was still a lot of records. The story of the industry's development is a financial and commercial one, concerning sales,

competition, and economic forces, and it is also a musical one, concerning musicians and songwriters. The history of a country's music is, to an extent, the history of the country itself, and much more could be said—indeed, much more has been said—about that than can be attempted here. But it is hoped that with this overview the reader will gain a certain perspective on that history and the way that the creation of an art form interacts with the machinery of its distribution—or has, thus far, anyway. Sentimental Journey Routledge Benny Goodman, Cab Calloway, Count Basie, The Dorsey Brothers, Duke Ellington, and Glenn Miller were musical masters of their eras, enchanting and romancing audiences with their timeless classics. Relive these wonderful songs

and memories through *The Big Band Reader: Songs Favored by Swing Era Orchestras and Other Popular Ensembles*, a unique and exciting collection of over 140 songs from over 70 bands that are categorized by themes, preferred numbers, and top songs! Paying tribute to better known swing bands, sweet bands (ensembles favoring softer, more sentimental numbers), and some unheralded bands (good ensembles that did not receive much attention or did not have a well-known leader), this book contains up to four essays relating to specific groups and their popular hits, giving readers historical and informative facts about the songs and the people who performed them.
