Farrar, Straus and Giroux
EVERYTHING WE'VE BEEN TOLD ABOUT HOW TO IMPROVE OUR LIVES IS WRONG. NOW SUPERSTAR BLOGGER MARK MANSON TELLS US WHAT WE NEED TO DO TO GET IT RIGHT. For decades, we've been told that positive thinking is the key to a happy, rich life. Drawing on academic research and the life experience that comes from breaking the rules, Mark Manson is ready to explode that myth. The key to a good life, according to Manson, is the understanding that 'sometimes life is messed up and we have to live with it'. Manson says that instead of trying to turn lemons into lemonade, we should learn to stomach lemons better, and stop distracting ourselves from life's inevitable disappointments chasing money, success and possessions. It's time to re-calibrate our values and what it means to be happy: there are only so many things we can worry about, so we need to figure out which ones really matter. From the writer whose blog draws two million readers a month and filled with entertaining stories and profane, ruthless humour, *The Subtle Art of Not Giving a ___* is a welcome antidote to the 'let's-all-feel-good' mindset that has infected modern society.

"...more than a page-turning narrative; it's an embrace of the Kinyarwanda greeting amahoro--'peace.'"—Oprah.com An evocative page-turner and an eye-opening meditation on the ways we survive profoundly painful memories and negotiate the complexities of love."—Wally Lamb, author of *I Know This Much is True* Finalist - National Reading Group—Great Group Reads 2018 Finalist - Foreword Indies Book of the Year In 1968, a disillusioned and heartbroken Lillian Carlson left Atlanta after the assassination of Martin Luther King. She found meaning in the hearts of orphaned African children and cobbled together her own small orphanage in the Rift Valley alongside the lush forests of Rwanda. Three decades later, in New York City, Rachel Shepherd, lost and heartbroken herself, embarks on a journey to find the father who abandoned her as a young child, determined to solve the enigma of Henry Shepherd, a now-famous photographer. When an online search turns up a clue to his whereabouts, Rachel travels to Rwanda to connect with an unsuspecting and uncooperative Lillian. While Rachel tries to unravel the mystery of her father's disappearance, she finds unexpected allies in an expat doctor running from his past and a young Tutsi woman who lived through a profound experience alongside her father. Set against the backdrop of a country grieving and trying to heal after a devastating civil war, follow the intertwining stories of three women who discover something unexpected: grace when there can be no forgiveness. "An intensely beautiful

debut.”—Library Journal "Good choice for those seeking tales of hope . . . and it may prove popular with book clubs.”—Booklist *How to Stop Spending Time You Don't Have with People You Don't Like Doing Things You Don't Want to Do* Lulu Press, Inc #1 New York Times Bestseller Over 1 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. *The Subtle Art of Not Giving a F**k* is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter,

Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.

Club's* fifteen best books of 2020 | *A Sunday Times* best book of the year Selected by students across France to win the Prix Goncourt des Lycéens, David Diop's English-language, historical fiction debut *At Night All Blood is Black* is a "powerful, hypnotic, and dark novel" (*Livres Hebdo*) of terror and transformation in the trenches of the First World War. Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called "Chocolat" soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in *No Man's Land*. Unable to commit this mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual:

every night he sneaks across enemy lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the trenches, David Diop's *At Night All Blood is Black* is a dazzling tale of a man's descent into madness.

*Summary of The Subtle Art of Not Giving a F*ck* Canongate U.S. With his trademark wit and honesty, Peter Sheridan has written an enthralling account of his parents' relationship, from their first encounter over a poker game in a Dundalk canteen to their final, happy days together in retirement. But all was not as straightforward as it appeared for when Peter's father died suddenly, it became painfully evident that an awkward situation needed to be resolved. Since the 1940s, Peter's father had maintained a relationship with another woman, Doris. Their correspondence spanned five decades and Doris had long

harboured the secret hope that Peter's father would one day be hers. Someone would have to tell her about the death of her old friend . . . At turns humorous and heartbreaking, *Forty-Seven Roses* is the unforgettable tale of a love that can transcend even overpowering odds. It's the account of a marriage dogged by a shadowy third partner, of fierce family pride and of how sometimes the pain of grief can re-ignite the vital spark of love. 'Sheridan's writing is in a class of its own . . . this is a memoir to make you laugh and cry' - Sunday Express

The Subtle Art of Not Giving A - Simon and Schuster

The instant Wall Street Journal, USA Today, and international bestseller "While the history books are filled with tales of obsessive visionary geniuses who remade the world in their image with sheer, almost irrational force, I've found that history is also made by individuals who fought their egos at every turn, who eschewed the spotlight, and who put their higher goals above their desire for recognition." —from the prologue Many of us insist the main impediment to a full, successful life is the outside world. In fact, the most common enemy lies within: our ego. Early in our careers, it impedes learning and the cultivation of talent. With success, it can blind us to our faults and sow future problems. In failure, it magnifies each blow and makes recovery more difficult. At every stage, ego holds us back. *Ego Is the Enemy* draws on a vast array of stories and examples, from literature to philosophy to history. We meet fascinating figures such as George Marshall, Jackie Robinson, Katharine Graham, Bill Belichick, and Eleanor Roosevelt, who all reached the highest levels of power and success by conquering their own egos. Their strategies and tactics can be ours as well. In an era that glorifies

social media, reality TV, and other forms of shameless self-promotion, the battle against ego must be fought on many fronts. Armed with the lessons in this book, as Holiday writes, "you will be less invested in the story you tell about your own specialness, and as a result, you will be liberated to accomplish the world-changing work you've set out to achieve."

Dana Stabenow's back with another winning installment in *A Fine and Bitter Snow*. Change never comes easy, but it comes just the same, and it's on its way to the Park, to Niniltna, in southeast Alaska. This time it concerns the possibility of drilling for oil in a wildlife preserve near there, near Aleutian P.I. Kate Shugak's home territory. Battle lines are drawn across their community, but at least it gives Kate something to do. Still just months after her lover's violent death, though she doesn't know quite how, she is trying to get back into her daily life. First, tensions run high as their resident park ranger, Dan O'Brien, is deemed "too green for them" by management and asked to take early retirement. Kate rallies the troops inside the Park to fight for his job, but before she can really start throwing her weight around, a long-time Park resident is brutally murdered, another stabbed and left for dead as well. Alaska State Trooper Jim Chopin enlists Kate to help investigate, and together they tackle the loose ends: motive, timing, opportunity, means. One thing is for certain-in Dana Stabenow's masterful crime novels about the beauty and the danger of living and dying in Alaska, nothing is as simple as it seems.

The Subtle Art of Not Giving a F*ck: A Counterintuitive Approach to Living a Good Life by Mark Manson In the book "The Subtle Art of Not Giving a F*ck", Mark Manson follows the road not taken by presenting a set of seemingly weird tactics to living a good life. His ultimate proposition is that people need to start caring less about everything. Instead, the key to living a good life is in individuals knowing what matters to them and not wasting energy stressing over every little thing. He then proceeds to educate us on how to move forward by going backwards. Manson strongly believes that the endless pursuit of a flawless life, fueled by today's picture-perfect social media standards, is responsible for many of the psychological illnesses that have become rampant. The book culminates in a conclusion that we need to look beyond ourselves, drop the entitled airs, and embrace the ugliness and uncertainties before we can live better lives. This book contains a comprehensive, well detailed summary and key takeaways of the original book by Mark Manson. From Christina Soontornvat, the visionary and versatile author of two 2021 Newbery Honor Books, comes a high-seas adventure set in a Thai-inspired fantasy world. In a fantasy adventure every bit as compelling and confident in its world building as her Newbery Honor Book *A Wish in the Dark*, Christina Soontornvat explores a young woman's struggle to unburden herself of the past and chart her own destiny in a world of secrets. As assistant to Mangkon's most celebrated mapmaker, twelve-year-old Sai plays the part of a well-bred young lady with a glittering future. In reality, her father is a conman—and in a kingdom where the status of one's ancestors dictates their social position, the truth could ruin her. Sai seizes the chance to join an expedition to chart the southern seas, but she isn't the only one aboard with secrets. When Sai learns that the ship might be heading for the fabled Sunderlands—a land of dragons, dangers, and riches

beyond imagining—she must weigh the cost of her dreams. Vivid, suspenseful, and thought-provoking, this tale of identity and integrity is as beautiful and intricate as the maps of old.
