 Temporarily Down - Roadkill
 refers to an animal or animals that
 have been struck and killed by
 motor vehicles on highways. It is
 important because of the animal
 suffering, loss of wild animals,
 road safety, and the economic
 impact on both drivers and road
 management. For this reason it has
 increasingly become the topic of
 academic research to understand
 the causes, and how it can be
 mitigated. Sun, 11 Mar 2018
