*Strategic Turnaround* Penguin

In many jobs people work their way up through a hierarchy, an experience that prepares them for managing a team. In some professions, such as law, finance, accountancy, academia, engineering, education and healthcare, individuals may find themselves managing a team of equals. This book uses 50 simple lessons to show the reader in concise, pithy prose how to manage a team of equals with intelligence and diplomacy. Each lesson features a short introduction and example from the authors' experience, showing you how skills can be acquired. These are then followed by 6-10 action points to implement immediately. Core leadership skills are reevaluated for the leader of a smart team. The book teaches you core skills such as decision making and delegating, but also soft skills such as delivering good and bad news to team members and how to realise more general aims such as building trust and growing your team. The authors also offer advice on how to look after yourself as a team leader, how to build resilience in tough situations, but also how to develop creativity and extend your skill base so that you are constantly learning.

*The Heart to Start Apress*

A former U.S. Navy commander draws on interviews with leaders from every branch of the U.S. military and the business world to discuss how to honor agreements with a staff, develop employees, and work on one's own

terms.

*Leadership: A Very Short Introduction*  
Greenleaf Book Group

Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Discover your Authentic Leadership. How do you become an authentic leader? How is it that some people are born natural leaders while others struggle to make the right decisions? Well, Bill George interviewed 125 great leaders and learned that they all share one thing in common: they make the right decisions based on what's important to them. This might seem vague, so let's explain. Each leader follows their True North or their internal compass. Your True North represents who you are as a human being, it is the fixed point that helps you stay on track as a leader. It is based on your values, your passions, and your motivations. When you follow your True North, your leadership will be authentic, and people will naturally want to associate with you and follow you. So whenever you feel overwhelmed and as if the world is spinning uncontrollably around you, following your True North can put you back on track. As you read, you'll learn how to become self-aware, how to set your leadership and ethical boundaries, and whether or not you fall into one of the five archetypal leaders.

*All in the Same Boat* Basic Books

This amazing book will take you into the heart of the Thinking Environment. It will touch you with stories, inspire you with results, excite you with practice. If you long for leadership you trust, meetings you love, relationships you cherish,

community which works or the life you really want, More Time To Think can lead you there.

True North by Bill George (Summary)

Fisher King Publishing

It's a terrible feeling. To know you have a gift for the world. But to be utterly paralyzed every time you try to discover what that gift is. Stop procrastinating and start creating! In *The Heart to Start*, blogger, podcaster, and award-winning designer David Kadavy takes you on his journey from Nebraska-based cubicle dweller to jet-setting bestselling author, showing you how to stop procrastinating, and start creating. The original and battle-tested tactics in *The Heart to Start* eliminate fear in your present self, so you can finally become your future self: Tap into the innate power of curiosity. Find the fuel to propel you through resistance. Catch yourself "Inflating The Investment." Prevent self-destructive time sucks and find the time to follow your art, even if you feel like you have no time at all. Bust through "The Linear Work Distortion." Inspire action that harnesses your natural creative style. Supercharge your progress with "Motivational Judo." Lay perfectionism on its back while propelling your projects forward. Inspiring stories weave these techniques into your memory. From Maya Angelou to Seth Godin. From J. K. Rowling to Steven Pressfield. You'll hear from a Hollywood screenwriter, a chef, and even a creator of a hit board game. Whether you're writing a novel, starting a business, or picking up a paintbrush for the first time in years, *The Heart to Start* will upgrade your mental operating system with unforgettable tactics for ending procrastination before it starts, so you can make your creative dreams a reality. Take your first step and click the buy button. Download *The Heart to Start*,

and unlock your inner creative genius today!

A Stranger in the House John Wiley & Sons

"One of the 12 best business books of all time.... Timeless principles of empowering leadership." - USA Today  
"The best how-to manual anywhere for managers on delegating, training, and driving flawless execution." —FORTUNE  
Since *Turn the Ship Around!* was published in 2013, hundreds of thousands of readers have been inspired by former Navy captain David Marquet's true story. Many have applied his insights to their own organizations, creating workplaces where everyone takes responsibility for his or her actions, where followers grow to become leaders, and where happier teams drive dramatically better results. Marquet was a Naval Academy graduate and an experienced officer when selected for submarine command. Trained to give orders in the traditional model of "know all-tell all" leadership, he faced a new wrinkle when he was shifted to the Santa Fe, a nuclear-powered submarine. Facing the high-stress environment of a sub where there's little margin for error, he was determined to reverse the trends he found on the Santa Fe: poor morale, poor performance, and the worst retention rate in the fleet. Almost immediately, Marquet ran into trouble when he unknowingly gave an impossible order, and his crew tried to follow it anyway. When he asked why, the answer was: "Because you told me to." Marquet realized that while he had been trained for a different submarine, his crew had been trained to do what they were told—a deadly combination. That's when Marquet flipped the leadership model on its head and pushed for leadership at every level. *Turn the Ship Around!*

reveals how the Santa Fe skyrocketed from worst to first in the fleet by challenging the U.S. Navy's traditional leader-follower approach. Struggling against his own instincts to take control, he instead achieved the vastly more powerful model of giving control to his subordinates, and creating leaders. Before long, each member of Marquet's crew became a leader and assumed responsibility for everything he did, from clerical tasks to crucial combat decisions. The crew became completely engaged, contributing their full intellectual capacity every day. The Santa Fe set records for performance, morale, and retention. And over the next decade, a highly disproportionate number of the officers of the Santa Fe were selected to become submarine commanders. Whether you need a major change of course or just a tweak of the rudder, you can apply Marquet's methods to turn your own ship around.

*Brief* Kogan Page

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

*The Future of Work* Turn the Ship Around!

The commander of the USS Santa Fe

provides leadership lessons from his experiences in implementing an empowerment style of command, giving crew members more decision making authority and accountability, with a focus on accomplishments.

**Inspiring Leadership** Safari Books Limited

A deployed nuclear submarine operates alone - hundreds of miles from any support and hundreds of feet below the surface. An emotionless and indifferent enemy constantly surrounds the crew. Thousands of pounds of sea pressure sit right over their heads, waiting to crush them like a tin can and send them to the bottom of the ocean. Even the most junior sailor's mistake can result in loss of the submarine and everyone on it. To accomplish their mission and return safely home to their families, a submarine crew relies entirely on the actions of their fellow sailors. There is shared responsibility as well as shared vulnerability. Regardless of rank or experience, every sailor is vitally important. When Jon Rennie reported to the USS Tennessee as a young junior officer, he had no idea what to expect. He didn't realize he was heading out on a four-year adventure that would change his life and establish leadership principles that he would rely on for decades. On a submarine crew, officers and sailors work together in cramped spaces and challenging conditions to accomplish complex missions with no room for failure. As Rennie moved into leadership positions in the business world, he found that the basic underlying principles for success at sea also led to high-performing teams on land. Leaders succeed when they create a unified team with a singular mission - when all employees perform like they are all in the same boat.

### *Becoming a Leader of Character* Profile Books

When It's Smart to Say No Nearly every week we read about a tragedy or scandal that could have been prevented if individuals had said no to ill-advised or illegitimate orders. In this timely book, Ira Chaleff explores when and how to disobey inappropriate orders, reduce unacceptable risk, and find better ways to achieve legitimate goals. The inspiration for the book, and its title, comes from the concept of intelligent disobedience used in guide dog training. Guide dogs must recognize and resist a command that would put their human and themselves at risk and identify safer options for achieving the goal. This is precisely what Chaleff helps humans do. Using both deeply disturbing and uplifting examples, as well as critical but largely forgotten research, he shows how to create a culture where, rather than "just following orders," people hold themselves accountable to do the right thing, always.

*The Art of Leadership* Berrett-Koehler Publishers

In *Turn the Ship Around!* (Portfolio, 2013), former U.S. Navy Captain David Marquet introduced a bold new approach to leadership, based on his experiences turning around the troubled submarine USS Santa Fe. Now Marquet returns with a workbook so readers can apply his methods to their own organisations. With extensive questions and exercises on how to delegate and inspire, this workbook will help readers build a work community based on personal responsibility and trust.

Rituals for Work Shortcut Edition

\* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary,

you will discover a new vision of leadership based on equality. You will also discover that : vertical management demobilizes teams and prevents them from taking advantage of their skills; excellence can only be achieved through autonomy; a new conception of authority requires a change of model; the leader must refrain from giving orders and pass a maximum of decisions through his subordinates; staff can only make the right choices if they have the necessary knowledge and clear objectives; redistributing power makes for a much more resilient, motivated and efficient collective. Hierarchical organization, the dominant model in many companies and collective structures, is in crisis today. Unable to capitalize on the intelligence and creative potential of individuals, it leads to a strong demobilization. While in the army, where it is particularly present, everything rests on the authority of superiors, other systems exist. This is what the American commander David Marquet has successfully experimented with. His ambition: to redistribute power at all levels. Ready to reinvent management? \*Buy now the summary of this book for the modest price of a cup of coffee! Get Your Ship Together Penguin

Winning from Within by leadership and negotiation expert Erica Ariel Fox presents a contemporary approach for getting more of what you want, improving relationships, and enjoying life's deeper rewards. With principles developed while teaching negotiation at Harvard Law School and coaching executives around the world, Fox provides a map for understanding your inner world and a method for sorting yourself out. Fox uses insights from Western psychology and Eastern philosophy to resolve the gap between

what people know they should say and what they actually do. She explains how to master your “inner negotiators,” whether working with a difficult client, struggling with a stubborn spouse, or developing your highest leadership potential. With a Foreword by William Ury, coauthor of the classic bestseller *Getting to Yes, Winning from Within: A Breakthrough Method for Leading, Living, and Lasting Change* is your guide to greatness.

*Turn the Ship Around!* "O'Reilly Media, Inc."

From the New York Times bestselling author of the “twisty-mystery” (Vulture) novel *In a Dark, Dark Wood*, *The Woman in Cabin 10*, and *The Turn of the Key* comes Ruth Ware’s *The Lying Game*. Isa Wilde knows something terrible has happened when she receives a text from an old friend. Why would Kate summon her and their two friends to the seaside town where they briefly attended the Salten House boarding school together seventeen years ago? The four friends had quickly bonded over the Lying Game—a risky contest that involved tricking fellow boarders and faculty with their lies. Now reunited, Isa, Kate, Thea, and Fatima discover that their past lies had far-reaching effects and criminal implications that threaten them all. In order to protect their reputations, and their friendship, they must uncover the truth about what really happened all those years ago. Atmospheric and twisty, with just the right amount of chill, *The Lying Game* will have readers at the edge of their seats, not knowing who can be trusted in this tangled web of lies.

Get heard by being clear and concise  
The only way to survive in business today is to be a lean communicator. Busy

executives expect you to respect and manage their time more effectively than ever. You need to do the groundwork to make your message tight and to the point. The average professional receives 304 emails per week and checks their smartphones 36 times an hour and 38 hours a week. This inattention has spread to every part of life. The average attention span has shrunk from 12 seconds in 2000 to eight in 2012. So, throw them a lifeline and be brief. Author Joe McCormack tackles the challenges of inattention, interruptions, and impatience that every professional faces. His proven B.R.I.E.F. approach, which stands for Background, Relevance, Information, Ending, and Follow up, helps simplify and clarify complex communication. BRIEF will help you summarize lengthy information, tell a short story, harness the power of infographics and videos, and turn monologue presentations into controlled conversations. Details the B.R.I.E.F. approach to distilling your message into a brief presentation. Written by the founder and CEO of Sheffield Marketing Partners, which specializes in message and narrative development, who is also a recognized expert in Narrative Mapping, a technique that helps clients achieve a clearer and more concise message. Long story short: BRIEF will help you gain the muscle you need to eliminate wasteful words and stand out from the rest. Be better. Be brief.

[SUMMARY - Turn The Ship Around!: A True Story Of Turning Followers Into Leaders](#) By L. David Marquet  
QuickRead.com

'David Marquet is the kind of leader who comes around only once in a generation ... his ideas and lessons are invaluable'  
Simon Sinek, author of *Start With Why*  
Captain David Marquet was used to giving orders. In the high-stress

environment of the USS Santa Fe, a nuclear-powered submarine, it was crucial his men did their job well. But the ship was dogged by poor morale, poor performance and the worst retention in the fleet. One day, Marquet unknowingly gave an impossible order, and his crew tried to follow it anyway. He realized he was leading in a culture of followers, and they were all in danger unless they fundamentally changed the way they did things. Marquet took matters into his own hands and pushed for leadership at every level. Before long, his crew became fully engaged and the Santa Fe skyrocketed from worst to first in the fleet. No matter your business or position, you can apply Marquet's approach to create a workplace where everyone takes responsibility for their actions, people are healthier and happier - and everyone is a leader.

**Turn the Ship Around!** Simon and Schuster

One of the very best must-read SF novels of all time.

*The Art of Action* Simon & Schuster

Experience the transformative power of creative rituals in the workplace *Rituals for Work* shows us how creative rituals can make our personal and business lives more meaningful and rewarding. Rituals are powerful tools: they reinforce good habits, motivate personal and professional achievement, create a common bond between co-workers and build shared values; they can transform an organization's culture and provide a foundation to achieve common goals. Focusing on real-world examples, this book takes a practical approach to the power and benefits of workplace rituals. This insightful guide presents 50 creative rituals, from business and management to design and personal development. Specific case studies highlight the use of

rituals and their positive impact to real-world organizations, while vivid visuals allow us to feel their energy and emotion. A ritual is only effective when its purpose is clearly defined. This book goes beyond simple analysis to provide actual recipes for individual rituals designed to promote specific habits, change negative behaviors, and instill values. Each ritual can be adapted to achieve a multitude of goals and tailored to fit your organization or team's specific needs. ● Change behaviors, form positive habits, and assign meaning to shared goals ● Build shared values, foster innovation, and encourage strong teamwork ● Deal with conflicts effectively and engage others to work on resolutions ● Learn the fundamental concepts of ritual-building and share your knowledge with your team An informative and inspirational resource for executives, managers, team leaders, and employees of every level, *Rituals for Work* provides a blueprint for building a culture of engagement, innovation, and shared purpose for organizations of all sizes, across industries.

[The Turn The Ship Around! Workbook](#)  
Penguin

Throughout the history of business employees had to adapt to managers and managers had to adapt to organizations. In the future this is reversed with managers and organizations adapting to employees. This means that in order to succeed and thrive organizations must rethink and challenge everything they know about work. The demographics of employees are changing and so are employee expectations, values, attitudes, and styles of working. Conventional management models must be replaced with leadership approaches adapted to the future employee. Organizations must

also rethink their traditional structure, how they empower employees, and what they need to do to remain competitive in a rapidly changing world. This is a book about how employees of the future will work, how managers will lead, and what organizations of the future will look like. The Future of Work will help you: Stay ahead of the competition Create better leaders Tap into the freelancer economy Attract and retain top talent Rethink management Structure effective teams Embrace flexible work environments Adapt to the changing workforce Build the organization of the future And more The book features uncommon examples and easy to understand concepts which will challenge and inspire you to work differently.

Many people think leadership is a higher calling that resides exclusively with a

select few who practice and preach big, complex leadership philosophies. But as this practical book reveals, what's most important for leadership is principled consistency. Time and again, small things done well build trust and respect within a team. Using stories from his time at Netscape, Apple, and Slack, Michael Lopp presents a series of small but compelling practices to help you build leadership skills. You'll learn how to create teams that are highly productive, highly respected, and highly trusted. Lopp has been speaking and writing about this topic for over a decade and now maintains a Slack leadership channel with over 13,000 members. The essays in this book examine the practical skills Lopp learned from exceptional leaders—as a manager at Netscape, a senior manager and director at Apple, and an executive at Slack. You'll learn how to apply these lessons to your own experience.
