An Inquiry into Modes of Existence shows that [Latour] has lost none of his astonishing fertility as a thinker, or his skill and wit as a writer... Latour's main message—that rationality is 'woven from more than one thread'—is intended not just for the academic seminar, but for the public square—and the public square today is global as never before. An Inquiry into Modes of Existence: An Anthropology of the ... Such modes of extension—or modes of existence, Latour argues here—account for the many differences between law, science, politics, and other domains of knowledge. Though scientific knowledge corresponds to only one of the many possible modes of existence Latour describes, an unrealistic vision of science has become the arbiter of reality and truth, seducing us into judging all values by a ...
