Cheiro's Memoirs Namaskar Books

He was the Jeane Dixon of the early 20th century, psychic advisor to world-famous names in politics, entertainment, and royalty. But he lied about his own name, calling himself-when not answering to "Cheiro"- "Count Louis Hamon" though he was of rather more humble origin. So it's your call: Can trust him to accurately assess your character based solely on the month of your birth? In this book, first published in 1912, he "reveals": . which birth month is known for producing people who are "excellent in diplomacy," who "dazzle their listeners by their wit and brilliancy" . which month sees the arrival of those "inclined to become wrapped up in themselves and their own ideas" . when "very lonely" people are born . which month produces "good literary critics" . and more. Irish occultist Cheiro-aka WILLIAM JOHN WARNER (1866-1936)-wrote a number of books, including Palmistry for All and Cheiro's Guide to the Hand. Among his famous followers were Mark Twain and Oscar Wilde.

From the very dawn of humanity, humans have always been curious about their future. And so Numerology, Western Astrology and Chinese Astrology as three distinct studies evolved. Analyse your Date of Birth synthesises all three to help you predict accurately a person s character, behaviour and even his / her future. Numerology is the study of the occult meanings of numbers, that set of numbers associated with the date of your birth or letters of your name, and their influence on human life. This book analyses the date of birth according to Numerology. People have since early days looked to the heavens and the planets for guidance. This resulted in the study of planets, their movement, their position during the birth of a person and their effect on humans. This study was called Astrology. The author has used

Western Astrology to analyse the month a person was born in. And finally the year a person is born in is analysed according to Chinese Astrology. In Chinese Astrology twelve of the animal signs are allotted to each of the twelve years constituting the smaller cycle of the Chinese Zodiac. According to Chinese legend it was Lord Buddha who rewarded every animal who came to him just before he departed from Earth, by naming a year after it. This book is a detailed study of the occult sciences, and brings to you a novel method to predict your future.

[T]here is a system of interpretation in numerology which is supported by experience, but has its origin beyond the realm of the phenomenal worlds. If no such system existed, it would be impossible to prove the geometrical

relations of thought. But this is done daily by those who make use of numbers for purposes of divination.-from "Chapter II: Geometrical Relations of Thought" Originally published in two volumes in 1913, this classic of the art of numerology builds upon the work of the ancient Greeks, Aryans, and Egyptians to describe the dramatic effect that numbers exert upon the world all around us. Part I introduces numerological theories and practices, including how to read others' thoughts through numbers, predict and influence success and failure, and understand "chance" events. Part II explores the geometry of nature and how it affects us, numbers that sway human will, and much more. For practitioners of the paranormal arts and those interested in the history of science and pseudoscience, this is a fascinating and essential book. "Sepharial" was the pseudonym of British mystic WALTER GORN-OLD (1864-1929), one of the most prolific writers on and teachers of astrology in modern times. Among his many works are *Astrology Explained*, *Cosmic Symbolism*, *Science of Foreknowledge*, and *The Silver Key*.
