Ellen Anne Eddy is an internationally know

fiber artist whose wall tapestries transcend the traditional concept of quilting. Using hand-dyed fabrics, sheers, laces, lame's and machine embroideries she creates the illusions of water, mist and flame. Ellen's designs blend scenes from the natural world with her own dreams and visions. Her masterful fusion of techniques and materials describe life in micro and macrocosm. Fish and bugs, frogs and birds weave in and out of her quilts, serving as a media for both social commentary and personal observation. The series of quilts featured in Thread Magic offers a rich visual treat for quilters. A comprehensive technical section provides information

that will enable quilters of all skill levels to add Ellen's techniques to their own creative repertoires.

Expanded and

this book is the perfect

companion for

their quilting

repertoire. Dubbed "McTavishing" after its creator, it has become the most popular new design concept in quilting today. As shown in the extensively illustrated projects, McTavishing may be added to any quilt or garment, from wholecloth to contemporary art quilts, and done by hand, domestic machine, or longarm technique. The book's how-to chapters demonstrate the uses of the McTavishing stitch—as an addition to an open quilt block, in a border, to highlight complex applique, to custom tailor a favorite garment, or as part of a larger overall design—while the accompanying DVDs provide lessons from the author.

Accompanied by

interviews with accomplished hand and domestic machine quilters, this guide offers readers an unparalleled view of the exciting new quilting process. This edition boasts revised how-to chapters, new graphics, new text, and a simpler teaching method. Additional pages feature new quilts and quilters as well as a new section on modern quilting styles.
