-No one is immune to death. And no one who reads this will be immune to the charm - and power - of Colin Bird's wise and wildly original -how-to- for those who find themselves face-to-face with the great inevitable, DEATH: WHAT NOT TO SAY. Think Paulo Coelho, if Coelho ever had to sleep in his car, or make his living as a Nursing Home Chaplain. Colin Bird's brand of street-level pragmatism on matters of compassion and mortality is as massively refreshing as it is on-the-ground useful for anyone trying to be there for suffering friends and loved ones. They should pass this book out in hospitals and funeral homes, or stick in hotel nightstands instead of bibles. It's a lot more useful - and a much better read. DEATH: WHAT NOT TO SAY is a fearless, heartfelt, and utterly invaluable handbook for anyone who isn't dead, but knows a few people who are - or are about to be.- Jerry Stahl, Screenwriter and LA Times bestselling author: I, Fatty; Permanent Midnight -Colin Bird serves up his own brand of commentary in DEATH: What Not To Say. Supremely witty yet cuttngly honest, a richly worded yarn from a man that's seen the losing side of life and ran from it. Couldn't put it down.- Dean Karnazes, Ultramarathoner and New York Times bestselling author -As a licensed therapist for 16 years I've seen a lot of grieving souls. Grief is no respecter of persons. It touches everyone. And it's relentless. People die and we can't stop it. People grieve and we can't stop it. But stopping it isn't really the goal, loving through it is. That's the message of Colin Bird's book, -Death: What Not to Say-. There are a myriad of books on grief written by professionals. We know what to say and what not to say. We know what to expect, how to listen well, and why honoring someone's grief is so delicate and crucial. We've had lots of practice. But approaching a Griever well is just not easily taught. We professionals were beginners once. True proficiency has come from trial and error. And honestly, grief filling up my living room is different from grief sitting in my office... so very different. Not because of the grief, but the relationship between me and the Griever. That's one of the reasons I love this book. Written in the style of an artist, -Death: What Not to Say- is a conversation with a man who has experienced pain, excruciating, life-altering, soul-searching pain. Not just his, but others'. He's walked his own grief journey and accompanied others on theirs. Filled with stories that raise your ire, melt your heart, and convict you to the core, Colin's words are raw, real and refreshing. Hopefully, readers will never look at a Grieving person the same. And if they follow these basic steps, they will truly approach with confidence.- Carrie P Bussmann, LCPC Licensed Clinical Professional Counselor; Owner/Director Truth in Love Counseling, Normal IL -A wake up call intent on forcing the -helpers- to grow up. This work is something long overdue. PAY ATTENTION to the wisdom found in this bright young genius. Take notes. Trust me on this... THERE WILL BE A TEST.- Geoff Thurman, DOVE Award-winning Singer/Songwriter, Pastor, Counselor -What you get is an unexpected, rich and fun (yes, you read that right) celebration of life. It seems that Colin Bird was bathed into the kind of holy water that makes people natural healers. The kind who knows that deepest truth, but doesn't preach it, he shares it.- Simone Bartesaghi, Professor UCLA, Director, Writer, Author of The Director's Six Senses

Writing at a time when Athens was undergoing a crisis in its social attitudes, Aristophanes was an eloquent opponent of the demagogue and the sophist. This collection includes Lysistrata, the hilariously bawdy anti-war fantasy; The Acharnians, a plea for peace set against the background of the long war with Sparta; and The Clouds, a satire on contemporary philosophy.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

From the New York Times bestselling author of H is for Hawk and winner of the Samuel Johnson Prize for nonfiction, comes a transcendent collection of essays about the natural world. Animals don't exist in order to teach us things, but that is what they have always done, and most of what they teach us is what we think we know about ourselves. Helen Macdonald's bestselling debut H is for Hawk brought the astonishing story of her relationship with goshawk Mabel to global critical acclaim and announced Macdonald as one of this century's most important and insightful nature writers. H is for Hawk won the Samuel Johnson Prize for Nonfiction and the Costa Book Award, and was a finalist for the National Book Critics Circle Award and the Kirkus Prize for Nonfiction, launching poet and falconer Macdonald as our preeminent nature essayist, with a semi-regular column in the New York Times Magazine. In Vesper Flights Helen Macdonald brings together a collection of her best loved essays, along with new pieces on topics ranging from nostalgia for a vanishing countryside to the tribulations of farming ostriches to her own private vespers while trying to fall asleep. Meditating on notions of captivity and freedom, immigration and flight, Helen invites us into her most intimate experiences: observing the massive migration of songbirds from the top of the Empire State Building, watching tens of thousands of cranes in Hungary, seeking the last golden orioles in

Suffolk's poplar forests. She writes with heart-tugging clarity about wild boar, swifts, mushroom hunting, migraines, the strangeness of birds' nests, and the unexpected guidance and comfort we find when watching wildlife. By one of this century's most important and insightful nature writers, *Vesper Flights* is a captivating and foundational book about observation, fascination, time, memory, love and loss and how we make sense of the world around us.

Acclaim: "The language is understated, but quietly beautiful, and I find myself invested in Jabonkah as she's portrayed on the page, not only because of what happens to her, but because of her view of the world, sometimes sweet and sometimes shrewd, and always strong." Rebecca, agent "The story is compelling and the writing is extremely strong-some of the metaphors are wonderfully original. Moreover, the author manages to capture the child's voice perfectly." Valerie, professor Description: Jabonkah Sackey's only desire in life was to be like her mother and to be left alone. However, being born deep in the African bush in 1948, her desires didn't really matter. Cursed with an abusive father, Jabonkah was saddled with the plans he had for her. Instead of being a "stupid bush woman" like her mother, she was going to learn to obey. But after repeatedly disappointing and rebelling against her father, he sets forth on a rampage targeting her mother and nearly beats her to death. After stepping in to save her mother and scolding her father with boiling water in the skirmish, Jabonkah's fate is unfortunately sealed. She is sent to the Society as punishment, where women from her own tribe perform the ritual of female circumcision. Six weeks later, Jabonkah returns home to the continued beatings until she is eventually disowned and sent away to live with a missionary

by the name of Mother Stevens. Unfortunately, it's with Mother Stevens that her real struggle begins. Will Jabonkah escape the oppression and misery that is ruling her life, or will she succumb to her depression? Set against the harsh setting of mid-century Africa, *Driving the Birds* takes readers on a journey from small villages in Liberia to African missions, and eventually the United States. With this particular backdrop, Jabonkah's story brings many issues to light that affect countless women around the world. By documenting the horrible genital mutilation that she suffers in detail, *Driving the Birds* aims to bring about further awareness to an issue that is still prevalent today. Though the subject matter can be intense and discouraging at times, Jabonkah uses her faith and an uncommon personal resiliency to keep the story from setting into a despondent manner. With true personal freedom as her goal, Jabonkah is able to overcome numerous obstacles and a lifetime of hardships in route to achieving her dreams and ensuring her happiness. *Driving the Birds* by Russell Traughber is the uplifting true story of one woman's courageous journey from a small village in Liberia to the freedom that America offers. With unmistakable charm, unwavering determination, and a truly unique worldview, Jabonkah enthralled readers with each passing chapter. Her personal journey and repeated injustices are equal parts heartbreaking and infuriating. From repeated abuses at the hands of others and the subjection to female genital mutilation, Jabonkah's plight provides a window to the sufferings of less fortunate women around the world. However, where parts of her story enrage and discourage, it's her spirit and determination that ultimately leave readers feeling like they have taken part in Jabonkah's triumphs as well.

From sage steppe to mountain forest to the waters of the Pacific Ocean, Oregon's diverse habitats host an equally rich diversity of bird life. *BIRDING OREGON* guides you to more than 250 of the best birding sites, telling you where to go, when to go, and what you will see when you get there.

Whether you are a casual bird watcher or a hard-core lister, this guide will help you make the most of your travels through Oregon. To be included in the book, all of the sites had to meet three criteria. 1. The site must be on public land, or on land accessible to the birding public. Trespassing is not OK, even for birders. 2. The site must be accessible in a normal passenger car. Nothing spoils a birding trip faster than a punctured oil pan or a broken axle. 3. The site must provide consistently good birding, year after year. Good birds can show up anywhere on occasion. But if your time is limited, you want to visit sites that offer the best birding on a regular basis. In addition to the site guides, *BIRDING OREGON* includes a checklist of 543 species of birds and their seasonal abundance. The Resources section lists contact information for federal and state agencies, conservation and birding organizations, birding trails, and guide services.

Capturing the antic outrageousness and lyrical brilliance of antiquity's greatest comedies, Aaron Poochigian's Aristophanes: Four Plays brings these classic dramas to vivid life for a twenty-first century audience. The citizens of ancient Athens enjoyed a freedom of speech as broad as our own. This freedom, parrhesia, the right to say what one pleased, how and when one pleased, and to whom, had no more fervent champion than the brilliant fifth-century comic playwright Aristophanes. His plays, immensely popular with the Athenian public, were frequently crude, even obscene. He ridiculed the great and the good of the city, showing up their hypocrisy and arrogance in ways that went far beyond the standards of good taste, securing the ire (and sometimes the retaliation) of his powerful targets. He showed his contemporaries, and he teaches us now, that when those in power act obscenely, patriotic obscenity is a fitting response. Aristophanes's satirical masterpieces were also surpassingly virtuosic works of poetry. The metrical variety of his plays has always thrilled readers who can access the original Greek, but until now, English translations have failed to capture their lyrical genius. Aaron Poochigian, the first poet-classicist to tackle these plays in a generation, brings back to life four of Aristophanes's most entertaining, wickedly crude, and frequently beautiful lyric comedies—the pinnacle of his comic art: · *Clouds*, a play famous for its caricature of antiquity's greatest philosopher, Socrates; · *Lysistrata*, in which a woman convinces her female compatriots to withhold sex from their warmongering lovers unless they negotiate peace; · *Birds*, in which feathered creatures build a great city and become like gods; · and *Women of the Assembly*, Aristophanes's most revolutionary play, which inverts the norms of gender and power. Poochigian's new rendering of these comic masterpieces finally gives contemporary readers a sense of the subversive pleasure Aristophanes's original audiences felt when they were first performed on the Athenian stage.

Douglas M. MacDowell (1931–2010) was a scholar of international renown and the articles included here cover a significant area of classical scholarship, discussing Athenian law, law-making and legal procedure, Old Comedy, comedy and law, politics and lexicography. All of these articles, published between 1959 and 2010, bear the characteristic marks of his scholarship: precision, balanced judgement, brevity and deep learning; they are rational and sober accounts of complicated and controversial issues. Many of these essays are virtually inaccessible as they were originally published in celebratory volumes or article collections which are now out of print or difficult to find outside major libraries. This collection of MacDowell's articles will make these works available to a broad scholarly audience, and make it easier to bring this scholarship to the classroom as part of courses in Classics, ancient history, legal history and theatre studies. The volume includes a biography of MacDowell by Christopher Carey, based on the testimony of his closest colleagues and personal friends, which was presented to the British Academy.
