Concepts, methods,
and issues in
calculating the fair
value of intangibles
Accounting for
Goodwill and Other
Intangible Assets is a
guide to one of the
most challenging
aspects of business
valuation. Not only
must executives and
valuation professionals
understand the
complicated set of
rules and practices
that pertain to
intangibles, they must
also be able to
recognize when to
apply them. Inside,
readers will find these
many complexities
clarified. Additionally,
this book assists
professionals in
overcoming the
difficulties of intangible
asset accounting, such
as the lack of market
quotes and the

conflicts among
various valuation
methodologies. Even
the rarest and most
problematic situations
are treated in detail in
Accounting for
Goodwill and Other
Intangible Assets. For
example, the authors
analyze principles for
identifying finite
intangible assets and
appropriately
accounting for
amortization expenses
or impairment losses.
Using the information
in this book, the results
of these calculations
can also be reported
with precision on
financial statements.
These topics are
especially important
for ensuring the
success of any asset
acquisition or business
combination. In these
special cases, the
utmost accuracy is
essential. This book

provides: Rules for identifying and recognizing intangible assets in business combinations and asset acquisitions
 Guidance on the accurate valuation and carrying amount calculation of acquired and self-created intangibles
 Tips for overcoming the challenges unique to intangible assets, including impairment testing
 Clear instructions for disclosing intangible assets, goodwill, and amortization expenses
 Accounting for Goodwill and Other Intangible Assets is an indispensable reference for valuation students and specialists.
 Ervin L. Black and Mark L. Zyla provide thorough instructions for understanding,

accounting for, and reporting this challenging asset class.
Intermediate Accounting, Chapters 1-14, Study Guide John Wiley & Sons
 This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.

 Cengage Learning
 The approach used by Hoyle, Schaefer, and Douppnik in the new

edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone

used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards. *Parentology* Ballantine Books Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher

has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. Note: You are purchasing a standalone product; MyAccountingLab does not come packaged with this content. Students, if interested in purchasing this title with MyManagementLab, ask your instructor for the correct package ISBN and Course ID.

This is the Volume 2

Study Guide to accompany Intermediate Accounting, Sixteenth Edition. Kieso, Weygandt, and Warfield's Intermediate Accounting, Sixteenth Edition continues to set the standard for students and professionals in the field. The 16th edition builds on this legacy through new, innovative student-focused learning. Kieso maintains the qualities for which the text is globally recognized, including its reputation for accuracy, comprehensiveness, accessibility, and quality problem material that best prepares students for success on the CPA exam and accounting careers. The 16th edition offers the most up-to-date coverage of

US GAAP & IFRS in a format suited to the complex challenges of teaching intermediate accounting in these changing times.

Financial Reporting & Analysis John Wiley & Sons

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice!

There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say.

Thankfully, Green does—and in this

incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

- coworkers push their work on you—then take credit for it
- you accidentally trash-talk someone in an email then hit "reply all"
- you're being micromanaged—or not being managed at all
- you catch a colleague in a lie
- your boss seems unhappy with your work
- your cubemate's loud speakerphone is making you homicidal
- you got drunk at the holiday party

Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not)

and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do

so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* *Financial Accounting* Wiley This bestseller has powered the careers of countless professionals. The new edition builds on the book’s reputation for comprehensiveness, accuracy, and currency, incorporating all the recent changes

to the accounting literature. Updated with the latest developments and standards in the field. The book includes a CD-ROM with an accounting cycle tutorial, a financial statement analysis primer, an annual report database, spreadsheet tools, career resources, and more. It will help readers develop the knowledge- and skills-base they need to succeed as professional accountants.

Intermediate Accounting BenBella Books

For courses in Introduction to Management Accounting. Get refreshed with Horngren/Sundem/Stratton's Introduction to Management

Accounting, Twelfth Edition. This best-selling text offers a relevant, real-world decision-making approach to management accounting. Students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. An exceptionally strong pedagogy and supplements package and flexible structure provide instructors with great latitude in choosing various combinations of breadth and depth, theory and procedures, simplicity and complexity. The Twelfth Edition now includes student-oriented real-world company examples

such as Nantucket Nectars and McDonalds; new "Cognitive Exercises" and "Business First" boxes, new on-line courses and tutorial software package resources, and a new CD-ROM series, "Mastering Accounting." *Forthcoming Books* Financial Times/Prentice Hall INTERMEDIATE ACCOUNTING by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate accounting texts are measured. Through thirty years and thirteen best-selling editions, the text has built a reputation for accuracy, comprehensiveness, and student success. The Fourteenth Edition

maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession! Volume I is comprised of Chapters 1-14. This book is a bound paperback with three-hole punches for convenient storage in a binder.

The context of natural forest management and FSC certification in Brazil John Wiley & Sons

Using real-world examples to thoroughly involve readers with financial statements, Financial

Reporting and Analysis, 9e builds skills in analyzing real financial reports through statements, exhibits, and cases of actual companies. Emphasis is placed on the analysis and interpretation of the end result of financial reporting – financial statements.

Financial Accounting

John Wiley & Sons
This text has built a reputation for accuracy, comprehensiveness, and student success. The Thirteenth Edition maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession.

Principles of Accounting Volume 1 - Financial Accounting

Wiley
In the new sixth

edition, readers will be able to clearly see the relevance of accounting in their everyday lives. The authors introduce challenging accounting concepts with examples that are familiar to everyone, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance.

Intermediate Accounting

John Wiley & Sons
Financial Accounting Theory and Analysis: Text and Cases, 13th Edition illustrates how accounting standards impact the daily decisions of accounting professionals. This authoritative textbook shows how accounting theory explains why

particular companies select certain accounting methods over others, and predicts the attributes of firms by analyzing their accounting methods. The text examines empirical research relevant to various theories of accounting and the uses of accounting information, including the fundamental analysis model, the efficient markets hypothesis, the behavioral finance model, the positive accounting theory model, the human information processing model, and the value creation model. Enabling students to develop an informed perspective on accounting theory, the text reviews the development and current state of

accounting theory and summarizes current disclosure requirements for various financial statement items. The new edition has been fully revised to reflect current methods of accounting education, including the incorporation of ethics into the curriculum, the analysis of a company's quality of earnings and sustainable income, the use of the internet as a source of information, the international dimensions of accounting, and more. Designed for undergraduate and graduate accounting majors, the text aligns with the latest curriculum changes in the CPA exam.

Intermediate Accounting CIFOR

The Art of Company Valuation and Financial Statement Analysis: A value investor's guide with real-life case studies covers all quantitative and qualitative approaches needed to evaluate the past and forecast the future performance of a company in a practical manner. Is a given stock over or undervalued? How can the future prospects of a company be evaluated? How can complex valuation methods be applied in practice? The Art of Company Valuation and Financial Statement Analysis answers each of these questions and conveys the principles of company valuation in an accessible and applicable way. Valuation theory is linked to the practice

of investing through financial statement analysis and interpretation, analysis of business models, company valuation, stock analysis, portfolio management and value Investing. The book's unique approach is to illustrate each valuation method with a case study of actual company performance. More than 100 real case studies are included, supplementing the sound theoretical framework and offering potential investors a methodology that can easily be applied in practice. Written for asset managers, investment professionals and private investors who require a reliable, current and comprehensive guide to company valuation,

the book aims to encourage readers to think like an entrepreneur, rather than a speculator, when it comes to investing in the stock markets. It is an approach that has led many to long term success and consistent returns that regularly outperform more opportunistic approaches to investment.
