### *Financial Accounting* Cengage Learning

WHATS IN IT FOR ME? Information technology lives all around us-in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer.

**Essentials of Business Law** McGraw-Hill Education

In the wake of ethical scandals and close ethical scrutiny throughout business and the accounting professional today, Brooks/Dunn's BUSINESS & PROFESSIONAL ETHICS, 9E provides the ethical insights and strategies you need for corporate and professional success. Learn why ethical behavior

is so important and how to recognize potential pitfalls that involve much more than memorizing rules. You master the skills to develop a corporate culture of integrity that maintains stakeholder support and enables directors and auditors to complete their jobs. You also learn how to use ethical strategies to make decisions, as this edition examines the latest information on governance scandals, legal liability and professional accounting and auditing issues. More than 130 cases and readings highlight new and classic cases of fraud, bankruptcy and unprofessional practices to help you better understand appropriate codes of conduct and sound ethical reasoning while strengthening your persuasive and leadership skills for success.

**Principles of Business Updated, Precision Exams Edition** Cengage Learning

INTERNATIONAL BUSINESS LAW AND ITS ENVIRONMENT, 8e, International Edition centers on the basic market-entry strategies most firms deploy as they expand into international markets: trade in goods and services, protecting and licensing intellectual property, and foreign direct investment. Interweaving the law with ethics-related issues, the text shows how individual firms manage these strategies in different ways while discussing the latest political, economic, and legal developments around the world. Helpful features such as case examples, end-of-chapter questions, and ethics activities help solidify your understanding of the material.

**Managerial Accounting** Pearson Higher Ed

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Visually engaging, enticing and current examples with an overall focus on business. Business Law continues to be the most engaging text for readers by featuring a visually appealing format with enticing and current examples while maintaining its focus on business. Readers will learn business law, ethics, and the legal environment in a way that will encourage them to ask questions and go beyond basic memorization.

**Foundations of Business Thought** Routledge

Includes glossary & index.

**Introduction to Business** McGraw-Hill Education

Understanding Business Global Edition by Nickels, McHugh, and McHugh has been the number one textbook in the introduction to business market for several editions for three reasons: (1) The commitment and dedication of an author team that teaches this course and believes in the importance and power of this learning experience, (2) we listen to our customers, and (3) the quality of our supplements package. We consistently look to the experts – full-time faculty members, adjunct instructors, and of course students – to drive the decisions we make about the text itself and the ancillary package. Through focus groups, symposia, as well as extensive reviewing of both text and key ancillaries, we have heard the stories of more than 600 professors and their insights and experiences are evident on every page of the revision and in every supplement. As teachers of the course and users of their own materials, the author team is dedicated to the principles of excellence in business education. From providing the richest most current topical coverage to using dynamic pedagogy that puts students in touch with today's real business issues, to creating groundbreaking and market-defining ancillary items for professors and students alike, Understanding Business leads the way.

**The Core** Simon and Schuster

Thoroughly updated, the 9th edition of this bestselling textbook incorporates global trends and data, supported by an exemplary case selection based on firms from around the world. The internationally cited author team of Czinkota, Ronkainen, and Gupta balance conceptual understanding of business theory with the day-to-day realities of business practice, preparing students to become successful participants in the global business place. This edition brings greater focus on Asia and emerging markets, as well as Brexit, the impact of COVID-19 on business and the importance of technology and the digital space to international business practice. Through its discussion and analysis, the book guides students to a greater understanding of contemporary business issues and helps them to develop new tools of analysis. Covering all key aspects of international business, the authors emphasize a few key dimensions: international context, role of government in international business, small- and medium-sized firms, and social responsibility.

*Business Communication P & P Brief* Cengage Learning

The first, most crucial step in making a film is finding the funds to do it. Let Louise Levison, who wrote the innovative business plan for "The Blair Witch Project," show you how. This unique guide teaches you not only how to create a business plan, but also how to avoid common business plan mistakes, so that you can attract and secure an investor. In jargon-free terms, the author leads you through every step. Each chapter concentrates on a different section of the business plan, including the industry, marketing, financing, and distribution. Large format films, new media and shorts are also discussed. The included companion web site features supplementary exercises and spreadsheets so that you get comfortable crunching the numbers--no math degree required! The sixth edition contains completely revised and updated industry data along with updated information on distribution including online and foreign markets. Plus, new interviews and case studies with filmmakers will show you real-world examples of equity investors and markets.
