Vous saurez tout sur le DELF B2, dans le nouveau format de 2020, pour les versions Tout Public et Junior/Scolaire. Objectif DELF B2 est le premier référentiel de l'examen, destiné aussi bien aux candidats qu'aux professeurs. La préparation à un examen demande de bien connaître le niveau attendu. Dire je vais améliorer mon oral est trop général. Mais, je dois apprendre à introduire un exposé, c'est déjà beaucoup plus précis ! En effet, il faut fixer des objectifs précis et réalistes pour réussir au DELF B2. C'est bien le but de ce référentiel : aider à fixer un programme de préparation et donner les meilleurs conseils pour réussir l'examen. Pour cela, le livre comprend : - La liste des thèmes généraux et des sujets les plus fréquents ; - Une présentation détaillée des 4 épreuves : compréhension orale, compréhension écrite, production écrite, production orale ; - Les savoir-faire et les stratégies essentiels pour réussir dans chaque épreuve ; - Une explication simple des critères d'évaluation pour les productions écrite et orale ; - Des modèles de phrases à utiliser à l'écrit et à l'oral ; - Un inventaire du lexique et de la grammaire essentiels à connaître, avec des exemples adaptés à l'examen ; - Une sélection des meilleurs sites Internet pour trouver des ressources et des activités d'entraînement. Attention, Objectif DELF B2 étant un référentiel, son but n'est pas de proposer des activités d'entraînement, mais de fournir toutes les informations pour une préparation efficace, et cela il le fait très bien !

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

**Préparation à l'examen du DELF** Oxford University Press, USA Are you looking for a great idea or some inspiration to start a new venture or to help you grow your existing business? This book contains 100 great business ideas, extracted from the world's best companies. Ideas provide the fuel for individuals and companies to create value and success. Indeed the power of ideas can even exceed the power of money. One simple idea can be the catalyst to move markets, inspire colleagues and employees, and capture the hearts and imaginations of customers. This book can be that very catalyst. Each idea is succinctly described and is followed by advice on how such an idea can be applied to the reader's own business situation. A simple but potentially powerful book for anyone seeking new inspiration and that killer application.

*Spanish Sentence Builders - a Lexicogrammar Approach* It's French Juice

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience

between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

A curated Croatian word frequency list Are you looking for unconventional ways to speed up the process of learning Croatian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Croatian words and phrases ordered by their frequency of use. Who this Croatian learning book is for: This book is for beginners and intermediate learners of Croatian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Croatian frequency list is not for: This book is not for you if you are an advanced learner of Croatian. In this case, please go to our website or search for our Croatian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Croatian learning book that guides you through the various steps of learning Croatian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Croatian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know

vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.
