*The Secret Military History of the  
Internet* Pan Macmillan

'A thrilling and original sports book... a fantastic read about a remarkable athlete' Ray WarrenBig, powerful, handsome, gifted and enigmatic, Sonny Bill Williams has the ability to get fans flocking, sponsors scrambling and coaches dreaming of winning dynasties. But 'SBW' is not like other footballers. He broke his Bulldogs contract mid-season to play rugby union

for Toulon in France, leaving teammates shocked, fans enraged and the NRL threatening a life ban. Yet Sonny's star never dimmed. His legend only grew. When Sonny Bill returned to New Zealand, he steered the Crusaders to a Super Rugby final before leading the Chiefs to their inaugural title and helping the All Blacks with the Rugby World Cup... while becoming a heavyweight boxing champion. Then he returned to League and led the Roosters to a premiership before switching back to Union again for the All Blacks' 2015 World Cup defence. Along the way, Sonny Bill proved a modern truth -

success is currency, memories are short, star power eclipses everything. Paul Kent's *Sonny Ball* tells the extraordinary story of Sonny Bill Williams in an extraordinary way. It's a book as intriguing and action-packed as any grand final in any sport, anywhere. 'A superb insight into the complex, political world of Rugby League and Sonny Bill Williams, the man who changed the way it was played on and off the field'

Matthew Johns

**Sonny Ball** Hardie Grant Publishing  
 Power and influence in rugby is shifting away from its historical tie to international on-field success, much of it in the southern hemisphere, to the boardrooms of cashed-up, influential rugby clubs in the UK and France. A confused rugby calendar is subjected to

a 'land grab' from clubs and national unions, all striving to maximise revenue. Player welfare concerns are cited by all and sundry, yet are cast aside as soon as there is a dollar to be made. Told through the eyes of rugby identities from around the world, this is a fascinating story of a once staunchly amateur sport now fully engulfed in the clutches of professionalism—the future uncertain and the fabric of 'the game they play in heaven' straining under the excesses and ambitions of rugby's new powerbrokers.

Billy Slater 2: Banana Kick Hardie Grant Publishing

Profound wisdom is made accessible with this contemporary 78-card deck and expansive guidebook, which demystifies the traditional Tarot without losing its

essential magic or structure. This down-to-earth yet captivating Tarot reveals the extraordinary in the ordinary, reminding you that there's nothing humdrum about everyday life! The distinctive cards depict recognizable characters of all ages, appearances, and abilities, providing insights and inspiration from people just like you. The comprehensive book allows each familiar character to communicate directly, combining their story with keywords and clear descriptions that invite your intuitive interpretation. This warmly inclusive Tarot celebrates all life, embracing nature and the non-human beings that share our world - our unseen companions and our creature-kin. Here wild spirits and animals, car mechanics and busy parents are all equally vital,

and each has something meaningful to share. These engaging individuals support and encourage you on your journey, making every day more enchanted.

*Part I: Modelling and Hazard Assessment*  
Awa Press

Featured as a Guardian Long Read in December 2018 EVERYTHING WE HAVE BEEN TOLD ABOUT THE DEMOCRATIC NATURE OF THE INTERNET IS A MARKETING PLOY. As the Cambridge Analytica scandal has shown, private corporations consider it their right to use our data (and by extension, us) in any way they see fit. Tempted by their appealing organisational and diagnostic tools, we have allowed private internet corporations access to the most intimate corners of our lives. But the internet was

developed, from the outset, as a weapon. Looking at the hidden origins of many internet corporations and platforms, Levine shows that this is a function, not a bug of the online experience. Conceived as a surveillance tool by ARPA to control insurgents in the Vietnam War, the internet is now essential to our lives. This book investigates the troubling and unavoidable truth of its history and the unfathomable power of the corporations who now more or less own it. Without this book, your picture of contemporary society will be missing an essential piece of the puzzle.

### **The Global Battle for Rugby**

**Supremacy** Random House Australia  
In 1950s Los Angeles, entrepreneur Mike Dimitro convinced a group of young

American athletes to fly around the world playing rugby league, a game that was entirely new to them. Miraculously, the American All Stars competed with the best Australia, New Zealand, and France had to offer, and shocked the locals with some stunning victories. This story tells not only of the media circus and celebrity adventures, but also the All Stars' fights and flings, tragic illnesses, and farcical court cases. Dimitro's mission to establish a rugby league in the United States failed in spectacular fashion--though one All Star went on to win the Super Bowl, one became a Hollywood stuntman, and another an Olympic champion.

*The Everyday Enchantment Tarot* John Wiley & Sons  
A footy fan's memoir of a life on the

outer looking in. Late 1970s, suburban Melbourne. Another time, another world. COP SHOP is the hottest show on television and Malcolm Fraser has set up house in The Lodge. Skyhooks are corrupting young minds and Simon Townsend still has Woodrow by his side. Against this backdrop of political upheaval and social unrest, a young boy discovers Australian Rules Football and the man who will shape his destiny - St Kilda star Trevor Barker. Soon, his flirtation with the sport becomes an obsession and weekend trips to the outer assume an almost religious significance. But a new decade brings with it new hormones, and soon our hero is trading in his football cards for condoms. Nothing, however, is quite as easy as it seems. Taking up where

FEVER PITCH left off, SATURDAY AFTERNOON FEVER is the poignant and funny memoir of one socially confused football fan's painful journey into adulthood and the ups and downs of his beloved club's bumpy ride into the 1980s and beyond.

*Tsunami Science Four Years After the 2004 Indian Ocean Tsunami* ANU Press  
My story is about submission. Showing you that everything negative that you think you are is just an attachment to thoughts and learning to not identify with them as they are intangible, without substance. It is about emptying your mind and allowing it to fill spontaneously and genuinely with love, making you feel weightless and present in what is real. Being open hearted and receptive to all - never possessing, never judging.

Understanding that everything you want you already have. Living in the only thing that exists, which is this moment, and knowing it's impossible to define yourself in any other way. It's ultimately about revealing the truth of who you really are.

*After 57 Years: Melbourne's History-Making 2021 Grand Final Season* Geoff Parkes

It was the field of dreams, the birthplace of legends, the hallowed home of our sporting gods. Historic Wembley Stadium, with its iconic Twin Towers, was truly the most revered of venues. Until the Millennium, when the world-renowned colossus was demolished to make way for its futuristic replacement, the famous old Stadium witnessed some of the most heroic events of the

Twentieth Century. But its history, although always exciting, was also often uncertain- and not a little bizarre. So, despite most eyes being on future fixtures as the sporting hub heads towards its centenary, it is the ancient edifice's often forgotten past that is the subject of this book. And the uncomfortable truth is that Wembley's original debut was anything but auspicious. In fact, it was once viewed as a debt-ridden disaster. So doomed was it deemed to be that the North London complex was about to be knocked down - and was rescued only at the last moment, in the most extraordinary circumstances. Happily, it recovered to become a success story, the memories of which are recorded here, hopefully to open the floodgates of nostalgia for

followers of sport. Wembley, it must be remembered, came to the rescue of the first postwar Olympics when no other nation on earth would accept the challenge. It gripped greyhound racing aficionados and it thrilled to the roar of speedway stars. The giants of American football also muscled in to display their skills there. Great Britons like Frank Bruno and Henry Cooper stepped into the ring (and Cassius Clay was felled to the canvas) before stunned boxing fans. And, of course, Wembley crowds gasped in awe at the footwork of Stanley Matthews and wept in ecstasy at the triumph of Bobby Moore. But the North London location is more than just the Holy Grail of sport. It has seen defining moments in pop music history, such as Live Aid. It has given platforms to the

Pope and evangelist Billy Graham. It has staged breathtaking spectacles no other venue could hope to accommodate, growing in stature over the course of an astonishing century. This then, for both sports buffs and social historians, is historic Wembley's story ... an unfolding saga played out beneath those symbolically soaring Twin Towers.

*The History of Rugby League Clubs*

Springer Science & Business Media

Of the remaining chapters, the first isolates certain problems of a pragmatic nature from the central semantic concern, chapter II follows with a survey of recent scholarship on the question of semantic deviance, and chapter V compares the theory expounded in chapters III and IV with three other

accounts of metaphor.

**International Football Kits (True Colours)** Australian Government Pub Service

The tragedy of the 2004 Indian Ocean tsunami has led to a rapid expansion in science directed at understanding tsunami and mitigating their hazard. A remarkable cross-section of this research was presented in the session: Tsunami Generation and Hazard, at the International Union of Geodesy and Geophysics XXIV General Assembly in Perugia, held in July of 2007. Over one hundred presentations were made at this session, spanning topics ranging from paleotsunami research, to nonlinear shallow-water theory, to tsunami hazard and risk assessment. A selection of this work, along with other

contributions from leading tsunami scientists, is published in detail in the 28 papers of this special issue of Pure and Applied Geophysics: Tsunami Science Four Years After the Indian Ocean Tsunami. Part I of this issue includes 14 papers covering the state-of-the-art in tsunami modelling and hazard assessment. Another 14 papers are published in Part II focusing on observations and data analysis.

Steven Adams: My Life, My Fight  
Elsewhere Editions

A Fascinating account of a great sporting life and an insider's look at the byzantine world of soccer politics. The essential Australian story of the World Game - Bob Carr Johnny Warren received an MBE (1973), ASM (2000) Centenary Medal (2001), OAM (2003) and the FIFA Order

of Merit (2004) Johnny Warren is a credit to Australia and the game that he loves. His is a great story which I heartily recommend to all sports fans - Martin Tyler From a nine-year-old who was initially rejected by his local under-12's team because he was "too small and needed to go home and eat more porridge" to leading the Socceroos from 1964 to 1974 through three World Cup campaigns as captain and vice-captain, Johnny Warren witnessed every stage of Australia's soccer journey for over fifty years. From the days you were called a "sheila", "wog" or "poofter" if you played soccer to today when players such as Harry Kewell are celebrated as our brightest sporting stars and prized by overseas clubs; from the curse placed on the Socceroos in 1969 by an African

witch doctor through to more than thirty agonising years of trying to qualify for soccer's Holy Grail, the World Cup, Johnny Warren revealed the highs and lows of Australian soccer's past and present, and how its future success can be achieved. Including all the action from the 2002 World Cup - the Cup that caught the hearts and imaginations of Australians everywhere. In February 2003, then-NSW Premier Bob Carr set up a \$1.5 million soccer training academy named the "Johnny Warren Soccer Academy" to develop players and increase Australia's chances of securing the 2014 World Cup.

*The Illustrated Guide* Simon and Schuster

'Does culture create competitive advantage? Case closed in this

compelling analysis of sporting success. Read it.' – James Kerr, bestselling author of Legacy. In *The Barcelona Way*, sports psychologist Prof. Damian Hughes draws on exclusive insight into FCB as well as first-hand research from organizational psychology, to set out a method to create your own high-performance culture. At the heart of FCB's winning culture are a set of principles, epitomized by Pep Guardiola, Johan Cruyff, Lionel Messi and many other FCB legends, which govern how to nurture talent, prepare for change and provide the best environment to build a culture of sustained success. These principles: Big Picture, Arc of Change, Repetition, Cultural Architects, Authentic Leadership are at the heart of FCB's unprecedented domination of football, and are the key

to developing high-performance cultures in any team-based organisation across every industry. *The Barcelona Way* is a hugely practical must-read that sets out a clear plan, based on the same principles, for you to create a culture of success and get the best of yourself and your team.

**Soccer Vs. the State** New Holland Australia(AU)

Contains over 400 pages with as many photographs. Each chapter contains club records and time lines outlined in an easy to read format. Essential reading for every league fan.

[From India to Ball Tampering to Australian Cricket's Future](#) Pitch Publishing

The I, Claudius author's "lightning sharp interpretations and insights . . . are here

brought to bear with equal effectiveness on the Book of Genesis” (Kirkus Reviews). This is a comprehensive look at the stories that make up the Old Testament and the Jewish religion, including the folk tales, apocryphal texts, midrashes, and other little-known documents that the Old Testament and the Torah do not include. In this exhaustive study, Robert Graves provides a fascinating account of pre-Biblical texts that have been censored, suppressed, and hidden for centuries, and which now emerge to give us a clearer view of Hebrew myth and religion than ever. Venerable classicist and historian Robert Graves recounts the ancient Hebrew stories, both obscure and familiar, with a rich sense of storytelling, culture, and spirituality. This

book is sure to be riveting to students of Jewish or Judeo-Christian history, culture, and religion.

### **No Helmets Required** Taken

DeadHaunted for his honesty as a naïve teenager, his family slaughtered, returns to become the salvation of a nation falling apart. Caught in an accidental rebellion. Love, betrayal, a high octane thriller in this intricate story of a youngster transformed into a high stakes game without his consent. Fate had a lot more in store for him and his family much more than he ever imagined. Ife Chukwude keeps you on edge with this story in his sophomore book.A World in ConflictThe Global Battle for Rugby Supremacy

The Max Gawn Captain's Diary relates how, after 57 long years, the Melbourne

Football Club's team won the AFL's 2021 Premiership. How, over the course of the season, they rose to the top of the ladder and proved they were the team to beat if you wanted to win the flag in 2021. But given the long drought and lack of finals experience, it was never going to be easy. As the season progressed, Max Gawn and his team turned the tide of public opinion and their supporters began to dream big. The Demons showed the grit, talent and aggression that a true Grand Final challenger needed. Revealing and insightful, popular Melbourne captain Max Gawn takes us through the season, the talented players, their amazing coach, and a finals campaign where a Max Gawn goal after the siren put them in top spot on the ladder. And how, in

the Grand Final, after a tense first half, the team claimed a Grand Final victory, with a 74-point triumph in front of a packed Perth stadium and millions of TV viewers locked down by COVID-19. Max and the Demons brought the cup home to Melbourne.

**The Proper Way to Meet a Hedgehog and Other How-to Poems**

JHU Press

An account of the Super League-Australian Rugby League battle during 1995-1996. The Super League was to be a rebel competition, organised by News Limited. It was thwarted by an ARL fightback, funded by Optus Vision. Includes an index. The author has been a journalist for over 20 years and written four previous sports books including 'Fatty-The Strife and Times of Paul

Vautin'.

*Surveillance Valley* Routledge

Toast a marshmallow, be a tree in winter, read braille -- Paul B. Janeczko and Richard Jones invite you to enjoy an assortment of poems that inform and inspire. Today I walked outside and spied a hedgehog on the hill. When she and I met eye to eye, she raised up straight and still. Be they practical (how to mix a pancake or how to bird-watch) or fanciful (how to scare monsters or how to be a snowflake), the poems in this book boast a flair and joy that you won't find in any instruction manual. Poets from Kwame Alexander to Pat Mora to Allan Wolf share the way to play hard, to love nature, and to be grateful. Soft, evocative illustrations will encourage readers to look at the world with an eye

to its countless possibilities. Contributors include: Kwame Alexander Calef Brown Rebecca Kai Dotlich Margarita Engle Ralph Fletcher Douglas Florian Helen Frost Martin Gardner Charles Ghigna Nikki Grimes Anna E. Jordan Karla Kuskin Irene Latham J. Patrick Lewis Marjorie Maddox Elaine Magliaro Pat Mora Christina Rossetti Monica Shannon Marilyn Singer Robert Louis Stevenson Charles Waters April Halprin Wayland Steven Withrow Allan Wolf

Out of the Blue Pen and Sword

'Searls restores much of [the inkblot test's] potency in this rich and resonant book . . . Even in the age of alternative facts, there are still right answers, and wrong ones, and the inkblots still ring true' Sunday Times 'A marvelous book about how one man and his enigmatic

test came to shape our collective imagination. The Rorschach test is a great subject and *The Inkblots* is worthy of it: beguiling, fascinating, and full of new discoveries every time you look.' David Grann, author of *The Lost City of Z* and *Killers of the Flower Moon* 'It seems incredible that no one before Damion Searls has ever written a biography of Rorschach... His early death may have deterred other would-be biographers, but Searls sails past it with style: the second half of his book traces the fortunes of Rorschach's famous test, which became a household word in America after World War II, when the U.S. Army used it on draftees. Searls uses this unlikely-seeming artifact to illuminate two histories, one scientific, the other cultural, both full of surprises.'

Lorin Stein, *The Paris Review* 'This excellent book begins as a biography and becomes, when [Rorschach] suddenly dies of a ruptured appendix at the age of thirty-seven, a cultural history of his creation.' Harper's *The* captivating, untold story of Hermann Rorschach and his famous inkblot test, which has shaped our view of human personality and become a fixture in popular culture. In 1917, working alone in a remote Swiss asylum, psychiatrist Hermann Rorschach devised an experiment to probe the human mind. He had come to believe that who we are is less a matter of what we say, as Freud thought, than what we see. Rorschach himself was a talented illustrator, and his test, a set of ten carefully designed inkblots, quickly made its way to America, where it took

on a life of its own. Co-opted by the military after Pearl Harbor, Rorschach's test was a fixture at the Nuremberg trials and in the jungles of Vietnam. It became an advertising staple, a cliché in Hollywood and journalism, and an inspiration to everyone from Andy Warhol to Jay-Z. The test was also taken by millions of defendants, job applicants, parents in custody battles and people suffering from mental illness - or simply trying to understand themselves better. And it is still used today. Damion Searls draws on untranslated letters and diaries, and a cache of previously unknown interviews with Rorschach's family, friends and colleagues, to tell the unlikely story of the test's creation, its controversial reinvention and its remarkable endurance. Elegant and

original, *The Inkblots* shines a light on the twentieth century's most visionary synthesis of art and science.

*Drugs in Sport* Red Feather

Haunted for his honesty as a naïve teenager, his family slaughtered, returns to become the salvation of a nation falling apart. Caught in an accidental rebellion. Fate had a lot more in store for him and his family much more than he ever imagined. Ife Chukwude keeps you on edge with this story in his sophomore book.

Finding Magic in the Midst of Life

Candlewick Press (MA)

Soccer has turned into a multi-billion-dollar industry. Professionalism and

commercialization dominate its global image. Yet the game retains a rebellious side, maybe more so than any other sport co-opted by money makers and corrupt politicians. From its roots in working-class England to political protests by players and fans, and a current radical soccer underground, the notion of football as the "people's game" has been kept alive by numerous individuals, teams, and communities. This book not only traces this history, but also reflects on common criticisms: soccer ferments nationalism, serves right-wing powers, and fosters competitiveness. Acknowledging these

concerns, alternative perspectives on the game are explored, down to practical examples of egalitarian DIY soccer! Soccer vs. the State serves both as an orientation for the politically conscious football supporter and as an inspiration for those who try to pursue the love of the game away from televisions and big stadiums, bringing it to back alleys and muddy pastures. This second edition has been expanded to cover events of recent years, including the involvement of soccer fans in the Middle Eastern uprisings of 2011-2013, the FIFA scandal of 2015, and the 2017 strike by the Danish women's team.
